

CONSIDER TAFT TREATY PLAN

Fall Bares Letters For Meeting With Villa

U.S. AGENTS SEIZE ONE NOTE BY SENATOR

No Direct Connection of Bandit With Solon Is Shown By Missives

WOULDN'T TAKE SIDE IN MEXICAN AFFAIRS

Hunt Seeks Conference On Own Initiative After Talk With Fall

WASHINGTON, July 24.—Senator Albert Fall, New Mexico, today made public correspondence referred to in an announcement at Mexico City yesterday as showing an attempt to arrange a conference between Fall and Francisco Villa.

None of the letters showed any direct communication or connection between the senator and the Mexican bandit leader.

Among the letters made public by Fall were two he wrote to Charles F. Hunt, El Paso broker. Included also was a letter Fall said he had been informed the state department had intercepted. This letter was said to have been written in 1917 to Villa by Hunt, offering to arrange a conference between Villa and several influential Americans, including Fall.

Fall also gave out a letter he wrote to Secretary Lansing March 12, 1917, after he had been informed that Geo. C. Carothers, the state department agent on the border, had probably obtained a copy of Hunt's proposal to Villa. In this letter Fall declared he had done nothing illegal and he had no apologies.

Calls Hunt "Ex-Governor"

Fall made public the correspondence following an announcement in Mexico City that the Mexican government would publish letters recently captured at Juarez. One of the letters, purporting to have been written by Villa to Hunt, contained a reference to "ex-Governor" Charles C. Hunt, which, it is believed here, caused Mexican officials to confuse Hunt with former Governor W. P. Hunt of Arizona.

The first letter written by Hunt to Villa in January, 1917, said:

"If you will meet me at a place designated by you on the border I promise to bring to our conference one of the most eminent statesmen in the United States, with powerful influence with both our principal parties relative to questions pertaining to Mexico. I refer to United States Senator Albert B. Fall, who appreciates the Mexican people and no living American knows the conditions in Mexico better than he."

Hunt also said in the letter that he

(Continued on page two)

Architect In Airplane Wins First Race With Stork In 75-Mile Trip

NEW YORK, July 24.—In the first race ever staged between a stork and an airplane, the stork lost by ten minutes.

Byron Brooks, naval architect, the winner, was on Staten Island when he received the summons. He motored to Mineola, rented an aero-taxi and paused only to send the following message:

"Coming by air. Ask Jean to wait."

Brooks made the entire 75-mile trip from Staten Island to East Hampton, L. I., in an hour and twenty-two minutes.

Trust Busting Will Be Resumed, Says Palmer

WASHINGTON, July 24.—Attorney General Palmer has set at rest reports that prosecution of anti-trust cases would be allowed to drop. The government will resume "trust busting" in October where it left off at the outbreak of the war, officials said today.

The case against the alleged steel combine is the first docketed for argument before the supreme court when it convenes in October. It was moved forward at the request of the department of justice. Similar suits, now pending, probably will be moved ahead

also. Indications were also that the attorney general expects to look into the affairs of the meat packers. He said the department has about completed its examination of testimony taken by the federal trade commission and probably would have "something definite to say" about August 1.

RED ARMY ATTACKS RUMANIANS, MAKING GAINS ALONG TISZA

VIENNA, July 24.—The Hungarian reds, continuing their offensive against the Rumanians, have advanced all along the entire line of the east bank of the Tisza river.

Reports received here stated the red offensive was being directed by Bela Kun. (This apparently refutes the report that Bela Kun had been ousted as director of the Hungarian communist government, or indicates that he has returned to power.)

The red forces, in their drive toward Grosswardein, had captured the important towns of Szentes and Tokaj-Szentmiklos, east of the Tisza between Budapest and their objective. They also had seized large quantities of war material.

In their defeat of the Rumanians, the reds crossed the Tisza at numerous places between Tokaj and Csongrad. They were under command of Commissary Landler and former Lieut. Colonel Julier, chief of the general staff.

It is learned the reds also intend to attack the Hungarian white army, employing three divisions of infantry and thirty batteries of artillery. Attacks have been planned from several directions.

Bela Kun has sent a note to the peace conference explaining that the reds were obliged to attack the Rumanians because the latter had disregarded the "will of the entente."

The reds, it was added, desired to force the Rumanians to respect the will of the peace conference.

USE OF U. S. RADIO TO AID CABLES FAVORED

WASHINGTON, July 24.—The request of Secretary Daniels that congress authorize the use of the powerful naval radio stations for commercial messages seemed to meet general approval in the house today as the secretary's letter was referred to the naval affairs committee.

Chairman Butler stated he believed it would prove to be the only way of reducing congestion on the cables. The navy now owns 85 percent of the radio stations in the country.

The wireless, it is believed, would prove a big factor in establishing much more satisfactory relations with the orient. Nearly all messages across the Pacific are delayed a week.

WASHINGTON RIOTING IS BELIEVED AT END

WASHINGTON, July 24.—Police officials today said they believed riotous acts were at an end here, following a night of calm during which armed soldiers patrolled the streets.

The number of fatalities reached six with the death in a hospital of Louis Havlicek, marine private, who was shot.

ONLY FEW FRIENDS AT FUNERAL OF PRIMROSE

SAN DIEGO, July 24.—With only the widow, brother and a few personal friends present, last rites were said here today for the late George Primrose, veteran minstrel man who died yesterday at a local sanitarium. It was the dying request of Primrose that his funeral be a private one. The body was cremated.

BORREE IN FISTIC BATTLE BEATS UP ENGINEER PHINNEY

SACRAMENTO, July 24.—Adjutant General J. J. Borree today flogged C. M. Phinney, a civil engineer, several times in a fist fight in the corridors outside their offices today. He finally knocked Phinney down so he was unable to arise.

Phinney, it is alleged, had choked and knocked out several teeth, following a disagreement with Charles Schafer, a collector. Miss W. Cross, an attorney, first interceded for Schafer and then called Borree. Phinney rushed at Borree and the fight followed.

The police arrested Phinney and took Schafer to the emergency hospital.

BULLETINS

NEW YORK, July 24.—Twenty-one cars oranges and one car lemons sold. Orange market slightly lower. Averages from \$4.14 to \$7.10. Highest price, 73 boxes at \$7.10. Lemon market change not quotable. Averages from \$3.50 to \$4.35. Weather, fair; 8 a. m. temperature, 72.

WASHINGTON, July 24.—A complete investigation of Postmaster General Burleson's official conduct of office will be held by the house committee on expenditures in the postoffice department, Chairman Gilman said today.

"We have determined on this investigation because of the many complaints against the postal service," Gilman said. It will be postponed until after the House recess in August.

HOLLISTER, July 24.—Apparently swept with a sudden fit of insanity, Mrs. W. E. Burwick early today placed a gun at the head of her 9-year-old daughter, Jessie, and blew the child's brains out. She then shot herself through the head, dying shortly afterwards. Mrs. Burwick is the wife of the local manager of the Hammond Lumber Company. Burwick is unable to account for the woman's act.

MINEOLA, L. I., July 24.—The Martin bombing plane flying around the boundaries of the United States arrived here this afternoon from Washington after a flight of 2 hours and 45 minutes. While flying over Baltimore the oil tank began to leak. Jeremiah Tobin, an electrician, walked out on one of the wings and repaired the leak after working an hour and a half.

WASHINGTON, July 24.—Two gigantic liners, larger and faster than anything afloat, will be built by the shipping board. It was announced today. The vessels will be fast enough to cross the Atlantic in less than four days, the shipping board said. They will measure 1000 feet in length, which is 50 feet longer than any vessel now afloat. They will carry 3000 passengers and a crew of 1000 officers and men.

POLYGAMY IS CONFESSED BY JAILED SOLDIER

Son of Mormon, Husband of La Jolla Teacher, To Face Utah Court

MARRIED THREE TIMES ADMITTED BY WHIPPLE

Bride Expresses Confidence In Spouse; Meant No Wrong, She Says

SAN DIEGO, July 24.—Confessing to polygamy, W. E. Whipple, husband of Mrs. Ula C. Whipple, principal of the La Jolla public school, is held in the county jail today for officials from Provo, Utah, to arrive to take him back to that state where he must answer to a warrant charging polygamy and desertion of minor children.

Born of Mormon parentage, Whipple, according to his own statement, has had somewhat of an adventurous career which culminated in one of the class rooms at the San Diego normal school where he was arrested on the Utah warrant.

A little over a year ago, Whipple, who enlisted in the army in Colorado, arrived at Camp Kearny. He quickly became a great favorite, not only with his brother soldiers but with the officers. At a social function at La Jolla, he was introduced to Miss Ula Chalmers. Three months later, Miss Chalmers became the bride of Drill Sergeant Whipple and a short time later the bridegroom left for overseas with the One Hundred and Fifty-seventh Regiment and served more than eight months in France.

Continued Her Teaching

During his absence, Mrs. Whipple continued her teaching and upon his return a few months ago, Whipple entered the normal school here and within a short time would have received his certificate.

"I'm ready to make amends and I shall rectify my mistakes of the past," he said today.

The young bride expressed absolute confidence in her husband.

She says: "I do not condone my husband's past, but I have absolute faith in his future intentions. Neither shall I or my parents place the least stumbling block in his road. I know there is some good and sufficient reason for the act."

Whipple confessed to having married first in 1905 and two children were born in this union. For about eight years, he lived with his wife and then domestic trouble entered in and he left. A few years later he met and married wife No. 2 and this was legal, he believed, as he heard that wife No. 1 had secured a divorce, although he admits never having been served with any notice.

Wife No. 2, he admits deserting and makes no explanations for his third alliance.

REDS CLAIM CAPTURE OF ARCHANGEL TOWN

LONDON, July 24.—Bolshevik wireless reports received here today claimed the capture of Onega, on the Archangel front. According to the Bolshevik statement, they are now afforded an opportunity to drive the British forces from Archangel.

Onega is 85 miles southwest of Archangel, at the mouth of the Onega river.

FOUR INJURED WHEN GASOLINE EXPLODES

BAYONNE, N. J., July 24.—Four persons were seriously injured and many others slightly burned today when eight tank cars containing gasoline or naphtha exploded at the plant of the Texas Oil Company, setting fire to two storage houses.

Girl Sues for \$25,000 Balm Saves Basket of Missives Sweetheart Weds in France

Miss Wanda Davis and Basket of Letters

Letter About How Women Abroad 'Carry On' Will Be Exhibit A

CHICAGO, July 24.—Miss Wanda Davis of this city saves her letters and she is glad she has done so. She has a whole basket full that she will have introduced as evidence in her \$25,000 heart balm suit against Fred E. Leach, wealthy young man of Morris, Ill.

Miss Davis claims to have been engaged to wed Leach when he went to war as a corporal. While in France he wrote her many, many letters which she saved, she says. In these he pledged his love many times and "tried to put one over," according to the attorney for the complainant. One of these missives from France is said to have read:

"It is awful the way the girls carry on over here. I wouldn't be seen on the streets with one of them. You are the only girl I love or ever will be proud to think I have a sweetheart like you back in the states."

Nevertheless Leach brought a pretty French bride back with him, which fact so peeved Miss Davis that she filed the suit.

The letter about the French girls "carrying on" so will be Exhibit A.

STATE BANK LOOTED OF \$115,000 IN BONDS

HILLSBORO, Ill., July 24.—The State Bank of Donnellson, Ill., 12 miles south of here, was looted of Liberty bonds and other securities valued at between \$50,000 and \$115,000, early Wednesday morning, it was learned today.

Charles E. Mansfield, president of the bank, declared today the registered Liberty Bonds and negotiable papers taken amount to \$50,000. He said the unregistered papers and securities may increase the loot to \$115,000.

ARLINGTON CANNERY DAMAGED BY BLAZE

RIVERSIDE, July 24.—A fire of mysterious origin this morning destroyed two-thirds of the Arlington cannery building together with the machinery and fruit valued at more than \$70,000. The damage was partially covered by insurance but Dr. G. E. Henry one of the owners estimate his loss at \$50,000.

Cannery workers to the number of nearly 200 will be thrown out of employment indefinitely as it is feared the cannery will be put out of business for the remainder of the season.

Incendiarism is suspected as having been the cause of the fire. The plant was regarded as nearly fire-proof. Exploding cans and poor water facilities hampered and made dangerous the work of fire-fighters.

SCHEME TO BE BASIS OF PACT ACTION

Explanatory Reservation Suggestion May Provide Way To Compromise

CALLERS SAY WILSON FAVORS RESERVATIONS

Ex-President's Program Will Not Be Accepted As a Whole, Is Belief

By L. C. MARTIN (United Press Staff Correspondent)

WASHINGTON, July 24.—Discussion of the possibility that William Howard Taft's suggestion for explanatory reservations to the peace treaty may provide a compromise by which the pact will be ratified, was general today in congressional circles.

The former president's friends predicted that his program will become the basis of an arrangement acceptable to President Wilson. This forecast had two premises:

First—that Taft, next to Wilson who has been the most insistent supporter of the league of nations, thus giving his suggestions great weight among administration leaders.

Second—The increasing belief that the president is gradually approaching a mood for acceptance of explanation or interpretations, so as not to endanger ratification of the treaty.

All of the president's Republican callers, including those who saw him yesterday, declared they carried away the distinct impression that, while he is not encouraging the demand for reservations, he will not seriously object to more explanations or interpretation.

There was some disposition to believe however, that Taft's program will not be acceptable as a whole. But on certain points, it was held by many senators to be the first suggestion of a middle-of-the-road course between drastic reservations, amounting to amendment, and unqualified acceptance of the treaty.

Present Franco-American Treaty To Senate, Urged

WASHINGTON, July 24.—President Wilson is "respectfully requested if not incompatible with public interests" to lay the proposed Franco-American treaty before the Senate, in a resolution offered today by Senator Lodge.

The Lodge resolution pointed out that the treaty had been laid before the French chamber of deputies, has been printed in American newspaper and Article 4 provided that it should be presented to the Senate with the German treaty.

Beer of 2.75 Percent Alcoholic Content Is Declared Intoxicating

NEW YORK, July 24.—Beer of 2.75 per cent alcoholic content is intoxicating, according to the war time prohibition act and the revenue laws, Judge Thomas I. Chastfield of the United States district court in Brooklyn held in a decision announced today.

The decision was in answer to a demurrer filed in a test case by attorneys for Martin Schmauder of New Haven, Conn., who held an indictment charging Schmauder with violating the law by selling beer after July 1 did not specify that 2.75 beer was intoxicating.

Waists at Special Prices

—We have just received a shipment of voile and organdie waists that was intended for June business.

—On account of the delayed shipping, we have marked these waists at especially low prices.

—They were selected with scrupulous care as to style, quality and value.

—Therefore there is a double temptation to see these waists.

—Prettily lace trimmed or embroidered. Round necks or square necks. With and without collars.

Priced \$1.50, \$1.95, \$2.85 and \$3.25.

NAINSOOK UNIONS FOR THE CHILDREN

—A free and easy—cool and comfortable nainsook union suit for children from 6 to 12 years. Well made and good quality, 65c

WHITE SILK HOSE

—An especially good number of white hose. The best value obtainable. While they last, \$1.25

BEET SUGAR MORE WENT THROUGH CANE LESS, IS REPORT WAR: HURT IN OIL FIELDS

Government Forecast for the 1919-20 Crop Shows Combined Product Larger

With a decrease in the production of cane sugar and an increase in the production of beet sugar this year, cane sugar is not going to be a strong competitor with the beet product as it has been in past seasons, according to the forecast in a government report.

The sugar season of 1919-20 begins with a forecast of production of about 1,108,000 short tons, or about 73,500 tons more than the average of the preceding six years, during which time the total of the two crops of beet and cane sugar has slightly exceeded 1,000,000 tons every year except in 1914-15.

The beet sugar forecast for this year is higher than the record crop of 1915-16 by nearly 75,000 tons and is above the average of the preceding six years by about 169,000 tons, but the cane sugar crop of this year is forecast at only 159,069 tons compared with which is the average of about 254,500 tons of the preceding six years. During many years the cane sugar crop of 1915-16 has been lower and of only 1912-13 has been nearly as small. The low prospects of this year's crop are due to a wet, cool spring and to a somewhat low acreage. In recent years cane sugar has usually been about one-quarter of the total of cane and beet sugar produced in contiguous United States, but this year the prospect is that it will only be about one-seventh.

The area planted to sugar beets this year is the largest one on record, and it is estimated, reaches 890,400 acres, or 200,700 acres more than last year and 82,800 acres more than the largest previous year area in 1917. The condition of the crop July 1 was low, on account of adverse weather conditions.

NO MOONEY STRIKE

NEW ULM, Minn., July 24.—There will be no five-day strike in Minnesota beginning Labor Day, as a protest against the imprisonment of Tom Mooney, San Francisco labor leader. Parties lost their resolution in the Federation of Labor convention last night.

REPORT WILL FREE MOONEY, SAYS WIFE

ST. PAUL, July 24.—Rena Mooney, arrested with her husband after the San Francisco preparedness day bomb explosion, today declared the John B. Denison report, submitted to Congress yesterday by Secretary of Labor Wilson, means freedom for Tom Mooney and prosecution of District Attorney C. M. Fickert, who obtained the Mooney conviction. Mrs. Mooney addressed a crowd on a street corner from an ice cream freezer after police had barred her from Rice Park.

VILLA LETTERS MADE PUBLIC BY FALL

No Direct Connection of Solon With Bandit Is Shown In Notes

(Continued from page one)

had discussed "this question" thoroughly with Senator Fall. He added that he was taking this step on his own initiative.

Fall Makes Reply

Hunt then wrote to Fall stating what he had done. Fall replied at length, explaining his position under the date of February 1, 1917. He said:

"I presumed that you had simply written to Villa or some of his friends along the line of our conversation when I visited you at the hospital in El Paso and that if you had mentioned my name at all you had possibly, in doing so, stated your conclusions from this conversation.

"I stated to you that in the event Villa came to the border or had his representatives come, that I would have no hesitancy in talking with them only and discussing Mexican matters with them, but that I would not discuss with any representative of any faction anything touching on Mexico except that as a preliminary thereto.

There must be an absolute pledge of respect for American lives and property, of respect for treaty obligations, etc.

"I have very carefully refrained from aligning directly or indirectly with any of the so-called factions in Mexico.

Would Tell Public

"If Mr. Villa could convince me that he was in a position where, if not interfered with by this government, he could restore order and maintain peace and order in Mexico, and thus would be in position to, and would give me satisfactory assurances that he desired and would perform all international obligations, as well as the national obligations to protect foreign citizens and property investments in Mexico, I would without hesitation publicly, in the senate and elsewhere, lay before the people of the United States such assurances and frankly and impartially advise them from my knowledge of Mexican affairs as I have heretofore done. Just what I thought was best for this government to do in Mexico."

Hunt then discovered the letter to Villa evidently had miscarried and wrote Fall that it appeared Carothers had intercepted it and a copy had been obtained by Caranza.

Fall replied he regretted Hunt had written to Villa, but it could do no more than call for explanations. A few days later Fall wrote Secretary Lansing that Hunt's mental condition was not what it might be and enclosed copies of his correspondence with Hunt.

Former Gen. Hunt Denies Villa-Fall Meeting Story

REDONDO BEACH, July 24.—Former Gov. Geo. W. P. Hunt of Arizona, in a statement to the United Press today, emphatically denied charges in Mexico City that he had attempted to arrange a meeting between Francisco Villa and Senator Fall of New Mexico and other prominent Americans.

"There is absolutely nothing to such statements," Hunt declared. "It must be some other Hunt. I cannot recall ever having had any correspondence on any subject with Villa. I have had no relations of any such nature with Senator Fall and have only met him once in my life, that having been about seven years ago."

The former Arizona governor and his family are spending a vacation at Redondo Beach.

BAD FOREST FIRES MENACING ST. REGIS

MISSOULA, Mont., July 24.—Forest fires still threaten St. Regis, today, according to reports received by the forest service headquarters. Thompson Falls, although still menaced, probably will escape the flames.

The most disastrous fires since 1910 have burned over 250,000 acres in Montana and 150,000 acres in Northern Idaho. Thirty million feet of timber in Montana have been destroyed, 75,000,000 feet in Northern Idaho have been consumed.

The forest service chiefs, like generals, are quickly shifting their forces from one bad fire to another, seeking to slacken fires that in some instances jump six miles a day.

Fulfillment of the weather forecaster's prophecy of rain and cool weather for three days was anxiously awaited. The fires resulted from a protracted drought that made the branches of the trees dry as tinder. Only rain can stop the fires it is agreed.

PASADENA EDUCATORS AGAIN IN DISSENSION

PASADENA, July 24.—What appears to observers to be a rift in the solid majority of the Pasadena Board of Education which has been opposing the retention of Dr. J. F. West as school superintendent, has been uncovered by changes made by the president, Geo. R. Bickley, in his committee appointments. President Bickley made several changes over the protests of Clayton R. Taylor and Mrs. Beatrice J. Kane, who, with himself, have constituted a consistent majority ever since the new board organized the first of the month.

INCREASED WAGE FOR CANNERY WORKERS

Industrial Welfare Body Sets \$13.50 Per Week For Experienced Hands

SAN FRANCISCO, July 24.—An increased wage for women and minors in factories, canneries and fruit packing establishments, \$13.50 per week for experienced hands, was announced today by the Industrial Welfare Commission.

An adult woman is to be considered experienced after two weeks work. A minor must serve nine months apprenticeship. During her apprenticeship a woman must be paid not less than 21 cents an hour. A minor apprentice is to receive 18 cents an hour for the first two weeks employed and a minimum of \$9 a week for the first three months, \$10.50 a week for the second 3 months and \$12.00 a week for the final three months.

Women in the dried fruit industry cannot work more than eight hours a day, six days a week. In fresh fruit packing, women may work overtime in an emergency providing they are paid 35 cents an hour for overtime.

RETROACTIVE PAY IS AWARDED PHONE GIRLS

SAN FRANCISCO, July 24.—That still further concessions than a slight wage increase were won by the telephone operators of the Pacific coast by the strike just ended was shown today in announcement that they will receive retroactive pay since January 1. The wire control board in Washington made the award, according to telegrams received today from John P. Noonan, vice-president of the International Brotherhood of Electrical Workers.

Approximately 17,000 electrical workers and telephone operators will benefit by the order. The increase, dating from January 1 will offset the loss of wages during the strike.

With the exception of Bakersfield, Cal., where the oil workers' union is backing the girls in their fight, all cities on the coast report service normal again.

ALASKA IS REPORTED SHORT OF WORKERS

JUNEAU, Alaska, July 24.—Alaska is undergoing an unprecedented shortage of men, according to the Monthly Bulletin which is published here. There is no scarcity of men numerically, but many of them are indisposed to work, the Bulletin explains. All the large quartz mines are short of men, greatly curtailing the output of minerals.

BODY OF SLAIN BOY IS FOUND IN ATTIC

Lad Aged 10 Tells How He Hid Dead Playmate Two Days Previously

PORTLAND, Ore., July 24.—When blood soaked through the plaster of the ceiling above the bed of George Miller and his wife, they called the police to investigate.

Above them for two days and nights had lain, the naked, bleeding body of Frank McCauley, aged 7, killed with an army automatic pistol.

Then George Miller, Jr., aged 10, told his story. He said he had found his playmate dying from the bullet wound. After the boy died, he said, he carried the body into the bathroom, removed all the clothing and washed away the blood. Then, he said, he carried the body to the attic and hid it, too frightened to tell.

Blood stains were found in the bathroom and in the closet through which a trap door leads into the attic. Blood stains also were found on the floor, but the lad had washed away many of the stains.

His story was told in a frank manner. He will tell it today to Coroner Smith.

For two days J. C. McCauley, Frank's father, had conducted a search for his little son. Creeks had been dragged.

No arrests have been made. The coroner and juvenile court will handle the case.

PLANS FOR L. A. JAIL DELIVERY FRUSTRATED

LOS ANGELES, July 24.—Plans for a jailbreak at the Los Angeles city jail were frustrated early today when a sailor held for desertion from the San Pedro submarine base, told detectives of the plot.

He told his story while being taken to the submarine base at San Pedro after brief incarceration here. The detectives immediately phoned jail authorities and an investigation was followed by segregation of the prisoners, an increased guard and other precautionary measures.

A party of 15 prisoners had originated the idea, according to the police, planning to seize the jail keys, overpower the jailors and effect a general jail delivery. Leaders had told their plan to other prisoners and a large number had joined the plot, it was declared.

Stanley E. Goode Is On Terms With Wife, While Stanley M. Goode Is Not

Nope; Stanley E. Goode of Santa Ana, is not Stanley M. Goode of Monrovia.

Stanley E. Goode is on good terms with his wife, and is at peace with all the world, although he frequently is called up to bring "Henrys" out of their trouble when they roll into Ham's garage with one lung gone or one leg crippled.

Stanley M. Goode, of Monrovia, is no relation to the local Goode, but the fact that he has filed suit in Los Angeles for divorce from his wife indicates that his venture did not terminate as pleasantly as did Stanley E. Goode's.

The Monrovia Goode was married in Santa Ana. It has resulted in many weddings do that do not occur in Santa Ana. The ship has foundered on the sea of matrimony. He charges his wife with desertion.

Claiming that his wife was "never satisfied with home life," and that she "detested housekeeping," Goode said that following their marriage in 1915, she took up school teaching, and finally desiring to travel and earn her own living, deserted him.

GETS \$500 FOR BITE BY PARALYTIC CANINE

LOS ANGELES, July 24.—Damages for \$500 were awarded Mrs. M. Gratton by Judge Frank Willis yesterday. She was bitten by a paralytic bulldog and confined, she said, for a month. Joe Crider, attorney for the defendant, E. M. Hollingsworth, argued that as the dog was paralyzed in the hind legs it could not fit the description in the complaint of "not being properly guarded."

"If the dog had been as paralytic in the front portion of his anatomy," retorted the judge, "as he was in the rear, the accident complained of would not have happened. But the paralysis was in the wrong place."

WOMAN'S DANGER PERIOD

The period between forty-five and fifty-five years of age is said to be a crisis or danger period in a woman's life which tests her for her fitness to continue in the race. It is then that she suffers from such annoying symptoms as heat-flashes, nervousness, headaches, "the blues," or dread of impending evil, or some dormant disease in the system becomes active. When a woman is passing through this crisis there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, which after forty years of success is now considered the standard remedy for woman's ailments.—Advertisement.

MUFFLER OPEN? ROAD ENGINEER BETTER CLOSE IT, PRONTO! PLAN BEING DISCUSSED

District Attorney on Warpath
Many Complaints Received
Cops on the Job

Have you been driving in Santa Ana with the muffler of your car or motorcycle open? If you have, you'd better close it pronto, for the cops are out watching and waiting and listening for open mufflers. AND, when one is found, with its offensive racket disturbing the peace and quiet of Santa Ana streets, the owner thereof is forthwith ordered to appear before his Honor, with pocketbook in hand.

District Attorney L. A. West is on the warpath against open mufflers. He said so today, himself. Furthermore, he believes the speed laws should be obeyed inside the city limits as well as outside, and is going to give a little attention to that matter as well.

Now here's the point. Heretofore, the city motorcycle officer has operated only inside the city and the county officers have worked outside the city. Now, however, West has fathered a co-operative move, which was entered into heartily by the officers, which means ill for those who disobey the law.

County Motor Officers Ballard and Carr are now working and will continue to work with City Motor Officer Stewart, and will pick up offenders of the law inside the city as well as outside. That makes three motorcops on the job, in as many different parts of town, and nobody knows when they are listening and watching, or where.

Likewise, the city officer is to co-operate with the county force and in emergencies will operate with the county officers wherever needed.

This co-operative move, it is believed, will be conducive to mutual benefits and motor officers of other towns of the county will be asked to join in, so that when necessary the district attorney will have a force of six or seven motorcycle officers at his disposal, to work where their services are the most needed.

IF THIN AND NERVOUS, TRY PHOSPHATE

Nothing Like Plain Bitro-Phosphate to
Put on Firm, Healthy Flesh and
to Increase Strength, Vigor
and Nerve Force.

When one stops to consider the host of thin people who are searching continually for some method by which they may increase their flesh to normal proportions by the filling out of ugly hollows, the rounding off of protruding angles with the attendant bloom of health and attractiveness, it is no wonder that many and varied suggestions along this line appear from time to time in public print.

While excessive thinness might be attributed to various and subtle causes in different individuals it is a well-known fact that the lack of sufficient phosphorus in the human system is very largely responsible for this condition. Experiments on humans and animals by many scientists have demonstrated beyond question of doubt that a body deficient in phosphorus becomes nervous, sickly and thin. A noted author and professor in his book, "Chemistry and Food Nutrition," published in 1918, says: "The amount of phosphorus required for the normal nutrition of man is seriously underestimated in many of our standard text books."

It seems to be well established that this deficiency in phosphorus may now be met by the use of an organic phosphate known throughout English speaking countries as Bitro-Phosphate. Through the assimilation of this phosphate by the nerve tissue the phosphoric content when absorbed in an amount normally required by nature soon produces a welcome change in our body and mind. Nerve tension disappears, vigor and strength replace weakness and lack of energy, and the whole body soon loses its ugly hollows and abrupt angles, becoming enveloped in a glow of perfect health and beauty and the will and strength to be up and doing.

CAUTION:—While Bitro-Phosphate is unsurpassed for the relief of nervousness, general debility, etc., those taking it who do not desire to put on flesh should use extra care in avoiding fat-producing foods.

ON TIME

A million workers make the trip to and from work a pleasure and recreation by Riding a Bicycle. Do You?

They live in the clean, quiet suburbs where living costs are less, and let their wheels save their carfare. They arrive On Time. Do You?

They earn more money because the healthy exercise of riding enables them to do better work and more of it. Do You?

Much Interest Felt in Central-
ized Road Work Plan
Under Consideration

The subject of whether or not Orange county shall have a county road engineer, authorized by a recent act of the legislature, is now being widely discussed, with many favoring the centralizing of all county road work under one executive head, while others are opposed. At present there are three departments of county road work, all separate, including the county surveyor's office, which has charge of the contract work, the maintenance department which sees to the repair of good roads already built, and the supervisors with their district road bosses who maintain the dirt roads. These departments it is proposed to unite under the direction of a county engineer, to work under the general supervision of the Board of Supervisors.

There has been some misunderstanding of the supervisors of the legislative act authorizing appointment of a county engineer, known as Assembly Bill No. 329, and that all may be informed of its form the bill, as amended in the assembly on April 5 and passed, is published herewith as follows:

Appointed For Four Years

The people of the State of California do enact as follows:

Section 1. The board of supervisors of any county at their option may appoint, and upon petition therefor signed by qualified electors of the county equaling in number not less than twenty-five per cent of the total vote cast in the county for governor at the last preceding election at which a governor was elected, they must appoint a competent civil engineer as county engineer, who shall be deemed an employe and not a county officer. The county engineer shall, under the general direction and supervision of the board of supervisors and except as otherwise provided in this act, have complete direction and control over all of the construction, improvement, maintenance and repair of county roads, highways and bridges.

Sec. 2. The county engineer shall hold his employment for the term of four years from the date of his appointment; provided, that he may be removed at any time by the board of supervisors for inefficiency, neglect of duty, malfeasance or misconduct in office, or other good cause shown, upon written charges to be filed with and heard by the board of supervisors and sustained by a three-fifths vote of said board after a hearing as herein provided. Said board is hereby vested with the power to administer oaths, compel the attendance of witnesses and the production of books, papers and testimony. A copy of such charges shall be personally served upon said county engineer and he shall be given not less than ten days' time in which to file a written answer to the charges, and if it appears to the satisfaction of such board that the charges have been substantiated, the said board shall so notify said county engineer by mail, and such notice shall specifically state the findings and judgment of said board, and the board of supervisors of such county must thereupon forthwith remove such county engineer from office and shall immediately appoint his successor in the manner provided in section two of this act. Prior to entering upon the duties of his employment the county engineer shall file with the county clerk the oath of office as prescribed for the county officers and a bond conditioned upon the faithful performance of his duties, with sufficient sureties approved by a judge of the superior court, in the sum of five thousand dollars.

Salary and Expenses
Sec. 3. The salary of the county engineer and assistants shall be paid monthly out of the county treasury of the county in which he is appointed and in the same manner as county officers. The county engineer shall also be allowed from the county treasury his actual traveling and other necessary expenses incurred in the performance of the duties of his employment, and shall be a charge against the general fund. The salary of the county engineer in the several counties shall be fixed by the board of supervisors of said county.

Sec. 4. The county engineer shall be ex-officio road commissioner of and for each and every road district of his county, and, subject to the control and supervision of the board of supervisors as herein provided, shall have and exercise the powers and duties hereinafter set forth and specified, and such duties as may hereafter be provided by law.

Duties of County Engineer

Sec. 5. The county engineer shall: (a) Make, or cause to be made, all surveys, maps, plans, specifications and estimates necessary or required for the construction, improvement, maintenance and repair of the county roads, highways and bridges, and shall, from and after the first Monday in September, 1919, have and exercise all the powers and duties, and perform all the functions which are now by law conferred or imposed upon county surveyors, except as herein otherwise provided.

(b) Examine and inspect, or cause to be examined and inspected, the work performed on such roads, highways and bridges, and report to the board of supervisors whether or not the work has been done in accordance with the plans and specifications and contracts therefor.

(c) Approve and certify to the progress estimates and allowances for work performed under all contracts for the construction, improvement, maintenance, or repair of county roads, highways and bridges.

(d) Inspect, or cause to be inspected, all county roads, highways and bridges within the county, and keep such roads, highways and bridges clear from obstructions, and when authorized by the board of supervisors he may employ all men, teams and equip-

ment necessary to keep such roads in good repair when the same is not let by contract, and report to the board of supervisors with respect to such inspection and such work from time to time as said board shall require; and certify to the correctness of all payrolls for work done by day labor or force account on county roads, highways and bridges.

(e) Have control and management under the general supervision of the board of supervisors of all county road quarries, oil pits and depots, gravel pits and all materials, property, implements, instruments, tools, machinery and other appurtenances necessary for the construction, improvement, maintenance and repair of county roads, highways and bridges, and shall be the custodian of the plans therefor.

(f) He may also hold and perform the duties of the office of county surveyor, but in all such cases no salary or other compensation shall be paid to him as county surveyor. He shall not be interested either directly or indirectly in any contracts within his jurisdiction, nor shall he be interested in the purchase of materials, supplies or equipment of any kind used in connection with the performance of his duties under the provisions of this act.

(g) Prepare annually a budget showing in detail the needs of the county for construction, improvement, maintenance or repair of county roads, highways and bridges for the ensuing year, and submit the same to the county auditor and board of supervisors at least sixty days prior to the date of the meeting at which the board of supervisors is required to fix the county tax rate and levy the county taxes.

(h) Make a written report to the board of supervisors at their first regular meeting of each month, and in it he shall state the amount and character of work done, during the preceding month, the progress of any contracts under way, approximate cost of the work and matters pertaining to the public roads, highways, streets and bridges or other public works, which, in his judgment, should be brought to their attention. This report shall contain the recommendation of acceptance or rejection of any public work completed, and all official announcements or statements which the board is required to make to the board. The size and form of these reports shall be uniform and upon blanks supplied by the state engineer and a copy shall be filed, one in the office of the board of supervisors and another in the office of the county engineer.

(i) On or before the first day of July of each year, file with the board of supervisors a complete report of the work of the preceding year, which report shall be in the form required and contain the information desired and requested by the state engineer and upon blank forms supplied by him. A copy of said report shall also be filed in the office of the board of supervisors.

(j) Perform such other duties pertaining to the construction, improvement, maintenance or repair of county roads, highways and bridges as the board of supervisors may prescribe.

Supervisors Hold the Reins
Sec. 6. The board of supervisors shall provide by ordinance or resolution for the employment, when neces-

The Second Week of the Mid- Season Clearance S A L E of Distinctive FEMININE Apparel

Tomorrow the big second week of Smart Shop's Mid Season Sale begins—the second week of an event that is really sensational in the merchandising history of Santa Ana. No woman who knows the real meaning of Smart Shop sales will neglect to take advantage of these wonderful values—the very newest seasonable modes in the most desirable colorings and materials—a substantial saving in price with no sacrifice in style and quality. Many new garments added for the second week of this great Mid Season Sale.

SUITS

\$19, \$23, \$29, \$33

Models which uphold in every way the Smart Shop's reputation for superior quality—garments of pronounced refinement and style distinction—in all the wanted fabrics and popular seasonable shades.

DRESSES

\$14, \$18, \$23, \$28

Lovely new summery conceptions in a wide assemblage of the newest colorings—Georgettes, Satins, Crepe de Chines, Taffetas, Jerseys, Serges, Tricotines, Poirats, Tricollettes and Paulettes—at prices you would hardly believe possible.

CAPES AND DOLMANS

Here are without doubt some of the most remarkable values in swagger cape coat and Dolman effects that have ever been offered to Santa Ana women at such prices as these. Any woman who is a judge of real value will realize the truth of this statement.

BIG COLORADO PICNIC TO BE HELD AUGUST 2

All who have ever lived in Colorado are called to meet under the auspices of the Colorado State Society for the annual picnic reunion, all day Saturday, August 2nd, in Sycamore Grove, Los Angeles. There will be county registers and headquarters so you can find the old neighbors even with two thousand present.

There will be a brief program opening about two o'clock, but the main purpose will be to have a good time. Bring baskets well filled. Coffee will be served free to all who buy the beautiful new souvenir badges.

Further information may be had of C. H. Parsons, Secretary of the Federation of State Societies, Hibernian Savings Bank, (formerly California Savings Bank), Spring and 4th St., Los Angeles.

WANTED—A HOTEL

BYRON, Cal., July 24—Wanted: a hotel, containing 30 rooms, a couple of stores and a barber shop. Byron, Contra Costa county, also wants to get a drug store, a vegetable and fruit stand, and a shoe repair shop.

Young Men Don't Get Bald Cuticura Does Much To Prevent It

Dandruff, itching, scalp irritation, etc., point to an unhealthy condition of the scalp, which leads to thinning, falling hair and premature baldness. Frequent shampoos with Cuticura Soap and hot water do much to prevent such a condition, especially if preceded by a gentle anointing with Cuticura Ointment to spots of dandruff and itching.

Soap 25c, Ointment 25 and 50c, Talcum 25c. Sold throughout the world. For sample each free address: "Cuticura Laboratories, Dept. 15F, Malden, Mass."

30c Cuticura Soap shaves without mug.

HANG THE VONS

In law, an "accessory before the fact" to a crime, is classed as a criminal and, on conviction, is punished as such.

Several of the members of the late cabinet of the late Emperor of the late German empire, are eagerly and publicly proclaiming that all the murders and robberies and rapes committed by German soldiers during the late war were due to the orders of the Kaiser, and that they instigated and urged "Me unt Gott" to issue such order.

It is to be hoped that the statements of these Vons will be accepted by the Allies as true, and that they will reap the reward of their generous candor by being hung by their necks until hell has ceased yawning for them, or else be clothed in stripes and set at hard work on some remote island.

THE I. W. W. PLATFORM

The I. W. W. and the Bolsheviks have agreed upon a platform, which is announced in pamphlets, in hand bills, and in bound volumes issued by the New York City organization. They advocate repudiation of all national debts, confiscation of all banks, confiscation of all railroad and other corporation property, without compensation; abolition of marriage and substitution thereof of "free sex mating," abolition of compulsory education, whole-hearted support of the Bolsheviks of Russia and the Spartans of Germany.

When these rotten rascals obtain control of the California legislature they will probably amend the penal code as follows: "Larceny shall consist of the stealing, taking and carrying away of the property of another—other than that of a railroad or banking corporation; murder shall consist of the unlawful killing of a human being—not in necessary self-defense, and not in enforcing the doctrine of government by the ignorant and incompetent.

Glory Hallelujah!

TO MOUNTAIN TOPS

Away in the southern part of Jugoslavia, the part which formerly was known as Montenegro, some of the most romantic history of the war was written.

This part of the country is rough and mountainous, and here the mountaineers never surrendered to Austria.

Unable to drive the loyal soldiers from their mountain fastnesses, the Austrians retaliated by stealing or destroying practically all the food supplies in the valleys below. By last fall many of the heroic people in this region were eating grass, and their chief occupation after winter set in was grave-digging.

When winter blocked the passes with snow the task of getting food to them was seemingly impossible. But to the everlasting credit of the American Food Commission, the impossible was accomplished.

Bridges had been destroyed, steep mountains intervened, but the members of the commission swung cable ways over broken bridges, packed the food on buffos over the icy mountain trails, and tramped afoot, shoveling paths through the snow as they went.

When the first members of the commission broke through, the people greeted them with tears. "You are brave," they said, "but we are starving, and although tons of food are down in the valley, you can never get it to us here."

"Yes, we can!" replied the commission, and the report ends with these words: "Anyhow, we kept our word. What they said couldn't be done, we said could, and we did it. The people in this district now are happily eating American flour and pork. They have stopped digging graves, and are planting their crops for this year's harvest."

Perhaps when the story of America's kindness and fidelity to her word, in many a sad corner of the Old World, creeps back to this country in letters straight from grateful hearts to kinsfolk in America, the task of Americanization will not be so difficult after all.

THE SUPERIOR PEOPLE

The word "common," in the sense of vulgar, beneath the average in some desirable respects, is a familiar one. Just what does it mean? People in high places often deserve the "common" stigma, people in lowly ones are

often the real aristocrats.

Frank Crane attempts in the August American magazine to define the difference between commonness and superiority in people. He sets forth ten tests by which to try a man's or woman's fitness. Whoever can meet those tests is a superior person. If not, he is common. And Dr. Crane grants that most people are superior or common in streaks. These are the marks by which he says you may know the Superior One:

I. He is Spiritual, meaning that his joys are more of the mind than of the body.

II. He likes Simplicity. He uses simple words, has simple habits, eats simple food, finds pleasure in simple forms of play.

III. He likes to Serve.

IV. He is above his pleasures. He has pleasures, but none of them are bigger than he is. He can put by any or all of them for a principle.

V. He is Clean. He may have to get dirty in the course of work or service, but at the first opportunity he cleans up. His thoughts and actions are clean and wholesome.

VI. He is never Bitter. Pessimism is the philosophy of vulgarity. Rising above disaster marks the hero.

VII. He does not like to Show Off.

VIII. He is Gentle. All noise is waste. God is in the still, small voice.

IX. He is Humble-minded. Pride learns nothing. Humility is teachable. Pride is a beggar for praise. Humility is royal, walking free of fear and favor.

X. The Superior Man is one with whom Familiarity Does Not Breed Contempt. He wears well. Friends do not tire of him. He has the Lasting Quality.

GOOD CUSTOMERS

The War Savings Committee of one of the middle-western states has a few things to say about good customers:

"When the town is flush with money, almost any customer is a good customer. But when the wheels stop, business can be done only with the man who has cash or credit.

"The man who has something saved is the only good customer when times are dull. If a man did not save when times were easy, he cannot be a good credit risk.

"The woman who is a good customer can be recognized the minute she comes into a store.

"If she knows how to buy, she knows how to save. If she knows the value of goods, she knows the value of credit. If she respects what she owns, she respects what she owes.

"Business is done for cash or credit; the other thing is charity.

"Credit comes to an end when a man can't pay his bills. Cash business stops when a man can't pay money."

No one with decent pride or self-respect wants to be the object of charity yet judged by these standards the number of charitable cases in the buying world today is enormous.

Thrift alone will raise the individual from the charity class to the good customer class and keep him there.

'Dictating to America'

San Francisco Bulletin—A favorite argument or near-argument of the opponents of the League of Nations is that if America joined it she could be out-voted and dictated to by France, England, Italy and Japan.

It is, of course, a dreadful thing to contemplate the possibility of the United States not being able to dictate to all other nations, but that is precisely the risk we have run in every conference and compact into which we have entered.

But all other nations contemplating membership of the League run exactly the same risk.

One may readily imagine a British anti-League protesting that England could be out-voted by America, France, Italy and Japan, or a Frenchman fearful of the consequences of France being dictated to by America, England, Italy and Japan, or an Italian expressing terror at the thought of Italy having to accept the verdict of America, Japan, France and England, or a Japanese apprehensive of Japan being swamped by the votes of the other members of the combination.

Wherever there is a conference, whether of nations or individuals, any one member is liable to be out-voted by the rest, but if there are interests in common, compromise is more probable than secession.

It is the basic merit of the League of Nations that it will concern itself only with common interests and mainly with the common enemy, who, in this case, is whoever seeks to plunge the world into another universal war.

The League will prevent any militaristic nation dictating to America.

A Tangled Web

San Bernardino Sun—When lawlessness begins, there is no knowing where it will end. The Bolshevik leaders gained much of their popular support in the beginning by proposing the confiscation of property, alluding primarily to large estates. But they did not stop there. They included small estates, so that honest and industrious people found their earnings seized for the benefit of men who were too lazy or too dishonest to be willing to earn a living. Thus it will be in any country. Whoever proposes to do injustice in one instance will be ready to do it in another if his selfish interests so direct. As Roosevelt once said when he discharged one of his ranch foremen, "He who will steal for me will steal from me." It is well to be aware of demagogues who play for commendation on the representation that they are going to help all the people by infringing upon the rights of some of the people. In the end they will do wrong to all the people.

Dancers Must Pay Fiddler

Architecture

Few vocations bring with them a higher or more concentrated sense of creative power than that of architecture. Since the uprearing of Babel's tower stuccoes in stuttering speech; since the days of Athens' greatness, when the eloquence of Pericles was sculptured in wood and stone, declaring the glory of Pallas; since the days when Galileo, from bending Pisa's heights, measured the steps of wandering worlds, man has cemented the epochs of growth in stone and mortar.

Art is only Nature with her face so brightly washed that in it she beholds her own image. Nature fortifies her possessions of rock-built strongholds, chiseled and painted by her own hand-maidens—the elements. With plastic touch men mock the stony fingers, straying afield into concerts of beauty or caprice, and call it art. But every new-hewn block is an accent of yearning for greater nearness to the master builder—Nature.

Yesterday and Tomorrow

(Contributed to the "Register" by Frank Hanson of Laguna Beach)

All told and everything considered, we have but little admiration for those sages who, possibly to show off their knowledge of past happenings, tell us, when referring to the late war, that history ever repeats itself. In view of the fact that man and his nature get modified but slowly, it is a matter of course that analogies should lie readily at hand. Anyone can perceive similarities between the present revolutions and their French prototype; and in the Paris conference one can find things that remind one of the Congress of Vienna, though no Tallyrand, and not even Castlereagh, makes an appearance.

But more numerous than the similarities are the differences, and the crux of the matter lies more in the contrasts than in the analogies. These contrasts show the modifications in our reasoning, and interpret our entire moral growth. After former wars we saw peace established, first by the church, later on by dynasties, still later on by geography. First, the kings were arbiters; later came parliaments; and now the people, over the heads of their discredited representatives, would decide for themselves.

In the century since the former world war, that of Napoleon, the frontiers that separated the nations have been fundamentally changed; they were then, so to speak, vertical and divided the world's inhabitants according to regions. At present they are becoming horizontal, the people dividing themselves according to races. And this change is so great and full of meaning that the sign-posts of ancient history begin to lose their value.

History is little else than book-learned experience. This experience must, however, retain a certain value, because man and his nature will continue to make history. But it has ceased to be a uniformly safe guide for the future, as it was in the past, for the simple reason that in the last hundred years more modifications have taken place in all history-making factors—in culture, in the contact and reasoning of nations, in the means of association, in production, in the entire economic structure—than in the thousand years immediately preceding.

The new circumstances and problems cannot possibly be dealt with according to the recipe of the days that knew neither steam nor electricity. They are new of their kind, and they have to be regarded with new eyes. We cannot safely sail the seas of "tomorrow" with the aid of the maps of "yesterday."

Worth While Verses

BREATH OF THE MORNING

As that exquisite aroma
 Penetrates my morning coma,
 So it sniffs across the country from Penobscot to Point Loma;
 And there's many a fume I favor,
 Many a taste and tang and flavor,
 But the breath of morning coffee has its own seductive savor.

Yes, I know that public speakers,
 Pharisees and Battle Creekers,
 Have reported, and exhorted us to shun its brimming beakers,
 And I've heard that there's a reason
 In and out of every season,
 But by old Saint Patrick Henry! make the most of this, my treason.

For forever and forever
 Someone always seems to sever
 My few and paltry pleasures and appears to think it's clever,
 So although I own it's sinful,
 Let me have another tinful!
 It's a dope, a drug, a danger! All right! let me have a skin full!
 —By Edmund Vance Cooke.
 (Copyright, 1919, N. E. A.)

GROANS AND GRINS

TRUE

"There is a lot of difference between experience and ability," Charles Schwab once remarked to a body of shipbuilders. "Too many men who claim to be experienced are like Bridget."

"Have you any references?" asked her prospective mistress.

"Sure, ma'am. Of Love 200 foine ones."

"Two hundred! How long have you been working?"

"Two years, ma'am."

CHINESE-AMERICAN SHIP LINE PLANNED

TOKYO, July 24.—A project to establish a steamship company by co-operation between Americans and Chinese has been reported here.

The project depends on the eleven interned German and Austrian vessels in Chinese harbors, which were seized by the United States with the opening of hostilities with the Teutons. These vessels are to be canceled and the vessels are to be taken over by a large shipping concern of Chinese and Americans.

THE CHEERFUL CHERUB

Dusky and dim in the twilight
 The pine tree stands
 and sings.
 Its lullaby lifts my spirit
 To soar through the night on wings.

For Good Measure

By the Editor
 I don't know who Nellie M. Dyson is, and I'm not going to try to make or mar my reputation as a judge of poetry by passing judgment on her verses.

But I'll tell the world that Nellie has the soul of a poet, because she has a song in her heart, because she can write verses on such "lowly drudgery" as pitting apricots and editing a newspaper.

You will notice that I have put the words, "lowly drudgery," in quotation marks. That is to indicate that the pitting of apricots and the editing of a newspaper or any honorable and useful work is "lowly drudgery" only to those who so regard such work.

All work can be done with a song in the heart of the doer; and then it becomes glorified.

Nellie sends some of her verses to the Register with a note of transmittal that is a model of modesty, philosophy and common sense. She says:

"Editor of Register:
 'Do you want these verses for the paper?'

"I write a number of them and pass along what I think will interest others. But what I like, you may not think worth while.

"Yours truly,
 'NELLIE M. DYSON.'

Yes, Nellie, that's true, and it goes both ways—"What I might like, YOU may not think worth while." I fancy that I write and print lots of things in the Register that I set great store by, but which you and others may regard as of little or no consequence. So we're even on that score, even though I should think your verses "not worth while"—which I don't at all. They are very much worth while, if only because YOU think so and find pleasure in writing them. But they are well worth while because they reflect contentment if not happiness, cheerfulness and optimism, a just sense of proportion and propriety, and above all, good will, which is akin to love.

Here are Nellie's verses showing her attitude toward life and work: **APRICOT DRYING**
 Now the apricots are good and ripe,
 And at the camps they're working—
 The men and women, boys and girls,
 And not a one is shirking.

The camp is such a shady place,
 With everything so handy,
 Sometimes they get some little fruit
 But most is fine and dandy.

The workers sit all in a row,
 And clean is bench and table;
 They aim to do the best they can,
 And make all they are able.

The apricots are split in two,
 In trays laid one by one;
 Then thru the sulphur fumes they're put,
 Then set out in the sun.

And when the 'cots are nice and dry,
 And all in prime condition,
 They're put in packages so fine,
 They'll stand all competition.

When you are packing fruit to ship,
 Be sure you pack with care,
 For each box to eastern people
 Should advertisement bear.

And now we come with heart full of gratitude to Nellie's verses on "The Editor." Just think what she might have written! How her pen might have dripped gall and wormwood, how it might have stabbed with sarcasm, how it might have scourged and seared. You see, Nellie, we editors know ourselves so much better than you know us. But Nellie sees us reflected by the mirror of her own kind heart. Thank God for that!

THE EDITOR
 The editor brave of the Register,
 As he sits in his office chair,
 Is wondering what he will print in his sheet,
 And what he will not print there.

The news comes in from on all sides,
 There is good and sometimes bad,
 But he wants to give to the folks in town
 The best that can be had.

Some folks want society, some an "ad."
 Of a dress, or a piece of land;
 Some want to know the night in the week
 They can listen to the band.

The farmer's wife wants the price of eggs,
 Her husband the price of wheat;
 The children want Wilber Duff and his wife,
 With the boy and Olivia neat.

But the hardest thing that the editor must still with patience bear—
 He's expected to print what all send in
 Tho for it folks may not care.

Wise, good Nellie! It's nice to be told you're brave when you know you're an arrant coward. It's good to know that the heart of humanity as typified in the democracy of the apricot pitting camp beats in warm sympathy with your perplexity—not so much about what to put in the paper as about what to have out. It's fine to feel that, though folks don't often tell you so, they are interested in your work, and are thinking and feeling with you in sympathy and understanding.

And now, Nellie, good bye. You may

Extra Value Suits at \$20 \$25 \$30

We have a large stock of men's Suits that we purchased months ago—before the prices advanced. These goods are from some of the best known manufacturers.

We have not advanced the prices.

be a little girl whom I could take in my arms, whose cheek I could kiss. You may be a sweet young maiden or matron whose hand I could carry to my lips in reverent devotion. You may be a comely woman, young and understanding whom I would delight to call friend. You may be crowned in the sweet serenity of age and would lay your hand in blessing on my bowed head. But whatever your physical attributes may be, you have the soul of a poet, you are good and true, and that makes you beautiful. God bless you!

UNCLE ICHABOD

(Copyright, 1919, N. E. A.)
 "Well, well," said Uncle Ichabod, "I been a readin' lately
 How divorce and alimony has been growin' much and greatly.
 Looks like a gal's affections and a feller's keen desires
 Wear out along the road of life about like rubber tires.
 They start out full of airy hope, but at some early juncture,
 They're sure to git a blow-out or some pesky little puncture.

One minute and they purr along as pleasant as a cat;
 Next minute and they bump the bumps and find they're runnin' flat!

Now some folks say that in an age of blimps and planes and wireless,
 The family car should be constructed practically tireless.
 But lemme say I've noticed that no matter what the load,
 Folks don't git jostled much that keep the right side of the road.
 And what most couples really needs as much as anything
 Is some puncture-proof affections and a non-skid wedding ring!
 —Edmund Vance Cooke.

MASONIC NOTICE

Stop Itching Skin

There is one safe, dependable treatment that relieves itching torture and skin irritation almost instantly and that cleanses and soothes the skin. Ask any druggist for a 35-cent bottle of Zemo and apply it as directed. Soon you will find that irritations, pimples, blackheads, eczema, blotches, ringworm and similar skin troubles will disappear. A little Zemo, the penetrating, satisfying liquid, is all that is needed, for it banishes most skin eruptions, makes the skin soft, smooth and healthy.

LONESOME FOR KHAKE

The Trident Packing Company, cap-
italized at \$300,000, has been organized
to can fish at Long Beach.

Sometimes I find my thoughts go
drifting backward.

* To memories of the days that
used to be;

* I see again the sturdy boys in
khaki

* In training for their battles
o'er the sea;

* The hoarse commands, the tramp
of feet are mingled

* With bugle calls and military
airs;

* I wish that I was back again in
training.

* Away from civil life and all its
cares.

* I wish that I was back with
Uncle Sammy.

* Back in the ranks with all its
joy and strife;

* I'd rather do a guard or stand in
speculation

* Than work for any boss in civil
life.

* I'd love to hear the cook call,
"Come and get it."

* I'd gladly drill in sunshine or in
storm

* If I could only work for Uncle
Sammy.

* I'm lonesome for my khaki uni-
form.

* The boys I used to march beside
are scattered

* Throughout the North and
South, the East and West;

* While many of the lads I knew
are lying

* 'Neath poppies in a foreign land
at rest.

* The world has learned a lesson by
their striving;

* They've cleared a way for free-
dom and the right.

* The sturdy lads that wore the
honored khaki.

* The boys that stuck until they
won the fight.

*—George R. White in Portland
Oregonian.

To Attend Matinee

Mrs. W. A. Lowman anticipated a
delightful time in Los Angeles today,

when with Mrs. Dick Hamar of Long
Beach, she was a guest of an old

schoolmate of their childhood days,
Mrs. Louis Williams. The latter's cle-

ver little six-year-old son, Stanton Wil-

liams, is co-star with Marjorie Ram-

beau in "The Eyes of Youth," now ac-

cupying the boards at Clune's Audi-

torium.

Unitarians Picnic

The Unitarian Ladies of Long Beach
have invited the Santa Ana ladies to

picnic at Bixby Park today. The Los
Angeles Unitarian ladies will also be

there.

The ladies going from here are
Misses: C. H. Stanley, Dell Andre,

Mary Hutchins, Kate Bradford, Smith,
Miss Cotton and Miss Mary Rider.

Country Club Card Party

The regular card party at the Coun-
try Club with Mrs. George Briggs and

Mrs. Mark Lacy as hostesses, will be
Saturday afternoon. Plans for a very

pleasant gathering are being arranged
and a good attendance is desired for

the games.

Apricot Workers Picnic

All work and no play would make
anyone feel a little dull, and after

plucking apricots all day a little recrea-
tion is very nearly a necessity, as

anyone who has tried it can very
feelingly testify. Some of the girls

quite often have hurried picnics at
noon, but the workers at the J.

E. Ward camp went farther last night
and had a wiener bake at Balboa.

Curtis Ware took them down in a
truck after working hours, and follow-

ing a plunge in the ocean, they made
short work of the picnic supper and

roasted wieners.

Going in the truck with several in-

seman, Mr. and Mrs. W. B. Snow,
Dr. and Mrs. Oliver, and Mr. and Mrs.
J. B. Head.

After the meeting last evening the
San Diego delegation, which includes

Orange county, went down on the
beach for a good time, and, after a

few songs, were addressed by Rev.
Oliver.

The Los Angeles district made good
its boast and won the baseball cham-

pionship Tuesday afternoon, by a
score of nine to five. The Santa Ana

boys on the San Diego team were:
Lyman Harpster, Orlyn Robertson,

John Wehrly, Carl Harpster, Charles
Robinson and F. C. Blauer.

Tomorrow night a musical program
will be given. Plans so far indicate

that there will be everything, from
a solo to a "jazz" band, so everyone's

taste will be satisfied.

Young Literary Artist

There is a young girl in Los Ange-
les who, it is said, has written a book

that will take its place among the
masterpieces of literature.

The girl's name is Opal Stanley
Whitely, and she calls her book "The

Fairland Around Us." John Stephen
McGroarty says of it:

"There can be no doubt that the
book will, sooner or later, become a

standard text for children in every
public and private school in Amer-

ica. He will be a fortunate publisher
who secures the rights to print it.

"It is a book of nature studies, more
fascinating than any novel ever writ-

ten, and deeper in its knowledge than
any other book of its kind.

"For knowledge is power, and this
wonderful little woman has knowl-

edge beyond most of us to understand.
And whoever reads her book will

thank her for it all the days of his
life."

Her achievement is more startling
perhaps, because of her scant oppor-

tunities for education and literary
training. She has illustrated with pho-

tographs taken by herself and by col-
ored prints secured from a litho-

graph house in Chicago. For one rea-
son and another, partly because she

lacked the influence to get a hearing,
she had the manuscript put into type,

partly in the East and partly in Los
Angeles. Always delicate in health,

in the midst of her troubles, she fell
and injured her spine. However, she

is in good hands now and is on the
rapid road to recovery.

Unavoidably Detained

On account of having to get rid of
a burglar that entered the Deitweil-

home last evening, Miss Ruth Deit-
weiler and Miss Jessie McDonald of

Los Angeles did not arrive at Balboa
as soon as they intended. The bur-

glar entered just as they were leaving
and after they had properly dealt with

him, they continued their way to the
beach where they are well known and

popular members of the younger set,
and where their experience created

no small amount of excitement.

The Deitweilers have opened their
home this season for the first time in

four years.

Shopping Wisdom

Choose slowly and thoughtfully.
Reckon in advance how much ma-

terial you need.

Choose good materials for things
that will get hard wear.

Learn to recognize quality. A re-
liable salesman will help you in this.

Buy the thing that will serve for
more than one sort of occasion or

time of year.

Be sure that the thing you choose is
becoming to you and appropriate to

its purpose.

Go shopping with a definite purpose;
do not be lured into purchases which

you have not planned.

Do not expect great savings from
the bargain counter unless you are a

good judge of materials.

Look for simplicity of line and de-
coration. Garments extreme in style

are never economical and rarely be-

City and County Briefs

While riding his bicycle R. L. Scar-
borough of Almond street, Orange,
was run down by an auto driven by
Chris McNeill of Santa Ana. Lacer-

ations of the scalp and badly bruised
arms were the extent of his injuries.

Henry Sparfield, for many years a
resident of Tustin, but recently of En-

glenwood, died at the St. Catherine hos-
pital at Santa Monica, on Monday.

Funeral services were held yesterday
at 2:30 p. m. Interment was in the

Fairhaven cemetery.

Dr. H. E. Zaiser, superintendent
of the county farm and county hospi-

tal, has turned into the county treas-
ury \$3131.18, the amount received for

the crop of Valencia grown this year
on the county farm. The oranges

were marketed through the Santiago
Orange Growers Association of Or-

ange.

J. A. Turner, who has been in the
banking harness in Santa Ana for

years, has declared a vacation for him-
self. He is going to start it off Sat-

urday when he loads up his automobile
with a camping outfit and starts for

San Francisco, to be gone two weeks.
He will hunt along the way, fish if he

feels like it, take his time and be
happy and contented with every min-

ute of existence. There's just one
thing that has broken in on arrange-

ments. The man who was going with
him, can't go. Today Turner is anx-

iously hunting for some man to go
along with him, somebody who will en-

joy an outing of the kind he is going
to take.

President, H. C. Price; vice-presi-

dent, C. L. Crumrine; secretary, L. J.
Wester; treasurer, A. H. Johnson; as-

sistant secretary, L. M. Hopper, are
the officers chosen by the La Habra M.

and M. Association to direct its de-
stinies for the coming year.

Skilled hands at Bloomington have
been busy in packing selected apricots

for eastern markets. At the close of
the packing season, July 16, ten cars

were shipped which will net the grow-
ers above all expenses over \$100 per

ton, as each car averaged over \$2100.
The crop was so abundant and ripened

so fast during the hot days that an

emergency call brought out every man,
woman and child that could be found

to prepare this fruit for drying during
this week.

Mr. and Mrs. Jas. E. Hone of South

PERSONALS

Mrs. Wm. Ward and Mrs. B. F. Nim-
mo returned today from a stay of two
weeks at Elsinore Hot Springs.

Mrs. Kate Felton and Mrs. Emma
Maxwell have returned from a pleas-
ant trip to San Francisco, having

been absent six weeks. Mrs. Max-
well's little granddaughter, Janet Staf-

ford, returned with them to remain for
a part of the vacation.

George Tedford of Los Angeles is
here on a visit to his sisters, Mrs. Kate

Felton and Mrs. Emma Maxwell.

Mr. and Mrs. Rembaugh of Winfield,
Kansas, who are in Southern California,

visiting at the home of Mrs. Rem-
baugh's sister, Mrs. Jas. Vance, at

Chico, were here yesterday, visiting
C. A. Vance of the Tustin bank. In-

cidental they dropped into the Or-
ange County Trust & Savings Bank to

see their old-time banker friend,
Wm. E. Otis.

Chas. F. Smith and family, who left
here on July 6 for their island summer

home in Canada, have arrived there
safely. Richards Landing, Ontario,

Canada, is their address. Mr. Smith
writes that he is not catching many

fish but that he and his family are
having lots of fun on the water.

A. J. Gulick made a trip to Los An-
geles today.

Mr. and Mrs. Carey R. Smith were
morning passengers to Los Angeles,

where they were to spend the day with
relatives. Yesterday they were guests

of their daughter and husband, Mr. and
Mrs. Daniel Halladay, in Santa Ana

canyon.

Mrs. Henry Yount writes from Big
Bear that their party is having a fine

outing among the pines.

Conway Griffith "chaperoned"
Misses Pauline Jahraus and Josephine

Hervey home from Los Angeles today,
the party having been guests at the

home of Dr. Terry.

Kenneth Van Slyke was among
Santa Annas in Los Angeles today.

Miss Elizabeth Bruner, daughter of
Mrs. Mary P. Bruner, who has been

seriously ill with typhoid fever, is
slightly improved.

Misses Anita and Vivian Cox and
Minor Cox are expected home from

Hemet the last of this week.

Mr. and Mrs. W. L. McCleery and
son, Lyde, left yesterday for a week's

vacation at Forest Home.

Mr. and Mrs. Arthur H. Lyon have
returned from an auto trip covering

The vacation season is at hand—the time for a change of scene, for rest and recreation. The great outdoors calls you. Get away for a week—ten days, two weeks or longer. The war is over—relax.

U. C. LECTURES AT YOSEMITE A SUCCESS

Wild Flowers, Geology, Indians and Muir Are Popular Subjects

The first LeConte Memorial lectures in the Yosemite proved a pronounced success. The public interest in the course was manifested by the size of the audiences. The average attendance at the lectures was about 275 people, with the exception of Dr. Bader's address on "John Muir's Services to the Nation," which was heard by fully 1500 people.

Dr. Willis L. Jepson, the opening lecturer, gave three addresses: "Some Flowers of the Yosemite," "The Biology of the Chaparral," and "The Ancestry of the Pines and Sequoias in the Yosemite."

In the first of these lectures he took up the more common flowering plants, described them to his audience, and told his hearers how to find and identify them. He made a particularly strong plea for the use of common terms in naming the flowers. "Common names," said Dr. Jepson, "are the expansion of the people's interest in the flowers. They come up from the folk, out of the common folk-existence, and should be preserved."

In his second address he showed how the term "chaparral" was derived from the Spanish, and meant to the Spaniard simply "thicket." He showed how that term has been applied to the growth of manzanita, buckbrush, and other shrubs which have adapted themselves to the peculiar environment of the uplands of California.

In his third lecture he presented an interesting and useful discussion of the pines, firs, spruces, cedars and sequoias of the Sierra.

About John Muir

"John Muir, Nature and Yosemite" constituted the general topic of the three lectures by Dr. William Frederick Bader, the literary executor of John Muir. In his first address he gave an account of the life of Muir, and a description of the methods of thought and study whereby Muir came to possess an intimate knowledge of the Yosemite and the whole Sierra region. He portrayed with graphic skill Muir's self-denial and ardent labors to discover the forces which had created the wonderful Yosemite Valley.

Dr. Bader's lecture, "John Muir's Services to the Nation," constituted the climax of the day at a grand festival of July celebration. He told how Muir had toiled for the establishment of national parks, and gave an account of his cooperation with Theodore Roosevelt in attaining that end.

The next series of lectures was delivered by Francois E. Matthes, geologist of the United States Geological Survey. Mr. Matthes' knowledge of the Yosemite area is particularly complete, owing to the fact that he has been making careful studies of that region for nearly sixteen years. He is the author of the most authentic map of the Sierra region which includes the Yosemite. In his address, "The Origin of the Yosemite Valley," aided by stereopticon views, he gave a complete account of the forces which created the Sierra range and showed how the tilting of the Sierra fault had accelerated the fall of the rivers down their western slope. Drawing his deductions from the "hanging valleys" from which the great waterfalls of the Yosemite plunge, he worked out the history of those processes of nature whereby for ages the valley was carved—first of all by the Merced river, and later in glacial times by the passing of the great ice floods.

His second lecture was particularly notable. It was delivered at Glacier Point at an elevation of over seven thousand feet above sea level. Despite the difficulty of access to the place where the lecture was given, upwards of three hundred people climbed to Glacier Point to hear him. Standing on a rock overlooking the entire valley, Mr. Matthes showed how, fifty to one hundred thousand years ago, the great glaciers swept over the western slope of the Sierra and carved the valleys. The concluding geological lecture was on "The Origin of the Granite Domes of Yosemite."

About Indians

The final series in the course, "The Indian Tribes and Folk Lore of the Sierra," was by Dr. A. L. Kroeber, professor of Anthropology. In his first lecture he gave an account of the various tribes of Indians of California. The second address, "The Indians of Yosemite," was devoted to those tribes, Tenayas and Monos, which have for many generations made the Yosemite area their home. In his third lecture he gave an interesting discussion of the Indian legends and folk tales that haunt the Yosemite, reciting a number of them for the benefit of his hearers. Part of the third lecture was devoted to an account of Ishi, the famous remnant of a lost tribe, who was kept at the University of California for some years.

The area in front of the LeConte Memorial Lodge proved an admirable setting for this remarkable course of lectures. They were given in the early twilight hour, from 7:30 to 8:30, when the sunset made the whole valley radiant. It is estimated that the average attendance at the lectures was fully one-tenth of the large visiting population of Yosemite this year.

It is planned to publish the lectures in suitable form for circulation throughout the state and country, helping thus to make more widely known the varied attractions of one of California's most precious scenic possessions, Yosemite National Park.

PLAY ON NAMES TO GET STOCK SUCKERS

Corporation Commissioner Issues Warning Against Wildcat Concerns

SACRAMENTO, July 24.—Playing on names to catch suckers is the favorite game of the wildcat stock operator, and already from Texas are coming signs that down in that state the game is being worked for all it is worth, or all that it will bring through the mails.

There is another little game which also a favorite with the promoters who rush into new oil or mining fields or jump into new operations offering quick returns for the flood of stock. This is the organization that plays up to the bankers, the doctors and preachers. The Texas field has brought out this species also.

Commissioner of Corporations E. C. Bellows has been warning California investors to look askance at the stocks of companies which are not authorized to sell or issue their securities in this state. Any company that neglects or refuses to secure permission or is unwilling to undergo an investigation by the California Corporation Department before offering its stock to investors in this state obviously should be viewed with suspicion.

Suspicion is Raised

When a company is masking under the name, or part of the name of a company having a nation-wide or international reputation, and at the same time tries to sell its securities in violation of the Blue Sky Law, it should be looked upon by the prospective investor with double suspicion.

One of the most striking appropriations of names is that of the Standard Oil Company of Texas. This company is of no kin to the real Standard Oil Company, yet it is patent that it has selected the name for the purpose of creating the impression among the uninformed that it is a child of the real Standard Oil Company.

Another is the Studebaker Oil company. It took the famous name of the Studebakers and used it for a company which has been exposed time and again.

Pullman is Secretary

New comes the Pullman Oil and Refining company of Texas, which announces that it is an independent company acquiring leases of land and is considering the construction of a refinery. It is advertised in California, although the company has no authority to sell or issue stocks to California people. This company has on its list of officers a man whose name is Pullman, the secretary.

The attention of the Corporation Department has been directed to another way of getting people interested. A certain California banker sent him the department circulars mailed to him by the Houston Bank and Trust Company of Channel City, Texas. The circulars advise bankers to get in on the ground floor in purchasing stocks of the Terminal Oil Co. The oil company is called a "bankers' company."

The circulars and letters are being sent out by W. M. Oberholz, manager of the stock and bond department of the bank above named. In this connection it is of interest to call the attention of bankers as well as others to the fact that this company is not authorized to sell its securities in California.

FORMER RESIDENT HERE IS DEAD AT RIVERSIDE

Conrad Weber, a pioneer of this county died Monday at his home, 1192 West Ninth street, Riverside, following a long illness. Mr. Weber was born in Wurttemberg, Germany, in 1840 and in 1845 he was brought to this country by his parents. The family lived at Williamsport, Pa., and then at Corning, Ia.

At Corning Mr. Weber married Miss Martha Huntington. He and his wife settled in Orange county in 1876, living near Orange until 1905, when he moved to Riverside. Mr. Weber leaves a widow and three daughters, Misses Myra, Gersa and Clandine Weber.

The funeral was held at Riverside this morning. He was an ardent member of the Methodist church.

RIVERSIDE TO START CANNING PEACHES SOON

Riverside Press: Original forecasts that peaches would be ripe about August 15 have been revised. The long period of hot weather has changed calculations. The local canneries will begin a little on processing freestone peaches next week, but the real peach canning campaign will not begin until the following Monday. The crop is comparatively as large as the apricot yield has been. It is estimated at 12,000 tons, which is 4500 tons greater than that of last year. The canners think they will be busy packing canned peaches until the forepart of October; it all depends upon how rapidly the crop is delivered at the canneries. The canned product has been sold largely before it is put in cans.

SOLEDAD WILL HAVE BIG CREAMERY PLANT

SALINAS, Cal., July 24.—Representing an investment of \$65,000, a modern plant for making butter, cheese and powdered milk will be constructed at Soledad.

The plant will be in the hands of owners of about 2000 cows in the Salinas valley under the organization of the Salinas Valley Dairymen's Association. The new plant is expected to have a capacity of about 100,000 pounds of milk daily.

MAZOLA
The Perfect oil for Cooking and Salads

How To Make Perfect Pie Crust

Here is a Pie Crust recipe that will convince you of the wonders of Mazola. And remember, too, that pie crust made with Mazola is perfectly digestible.

Follow this recipe—you can get Mazola at your grocer's.

2 cups Flour
1/2 cup Mazola
Pinch of Salt
Ice Cold Water

Work Mazola well into the flour and salt, add enough ice water to hold together, about one-fourth of a cup; roll crust out at once.

CORN PRODUCTS REFINING COMPANY

Delicate Mechanism

Despite its scope, Swift & Company is a business of infinite details, requiring infinite attention.

Experienced men must know livestock buying with a knowledge of weight, price, the amount and quality of meat the live animals will yield.

Each manufacturing operation must be done with expert skill and scientific precision. A highly perishable product must be handled with speed and care to avoid loss.

Chemists, engineers, accountants, and other specialists are required to take care of our intricate problems.

Alert wisdom and judgment must be used in getting stocks of goods into the open channels of demand through our four hundred branch houses. Branch house organizations must show activity and energy to sell at the market in the face of acute competition from other large packers, and hundreds of small ones.

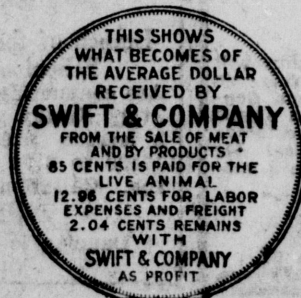

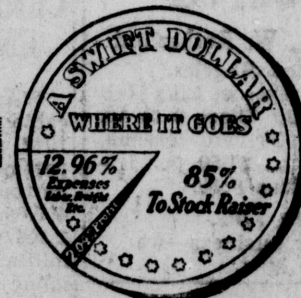

All these requirements of intelligence, loyalty, devotion to the task, are met in the personnel of Swift & Company. Yet the profit is only a fraction of a cent per pound, with costs at minimum.

How can the workings of this delicate human mechanism be improved upon?

Do you believe that Government direction would add to our efficiency or improve the service rendered the producer and consumer?

Let us send you a Swift "Dollar". It will interest you.

COLLEGE HEAVY WANTS CHANCE AT DEMPSEY

Coach of Drake University
Thinks Carl Broadley
Is a Comer

By H. C. HAMILTON
(United Press Staff Correspondent)
NEW YORK, July 24.—Drake University, Des Moines, Iowa, is about to set a new record for pugilism.

You can count back as far as you like, but you will be unable to find in the history of fistfights any man who ever attained any greatness who got his schooling within the walls of a university. Now, Drake students are out to batter that record into small pieces through the presentation to the world of Carl Broadley.

Broadley is a delicate youth of six feet, four inches and 246 pounds. His home is in Texas, where they make 'em decidedly rough, and he wants to fight for a living—rather a high flung ambition for a mere collegian, since box-fighters have begun to make millions in the game.

Off-seasons, young Broadley slays and rounds up steers, whiffs the countryside and trains for football.

Coach Mark Banks, old time football star believes that the youth he is training daily in the Drake gymnasium can take the measure of Jack Dempsey. He declares that in spite of his size Banks is faster than any heavyweight the world has ever seen, and in this class he places the new champion, even in spite of the things Jack has been doing to championship aspirants for many a day.

Banks probably hasn't given much thought to how hard the big boys fall when they stop wallop with their chin from fists carrying the weight of a Dempsey, but he can be excused for that if he really thinks he has unearthed a champion, for champions are practically as good as a young nint nowadays.

"Broadley isn't championship material right now," Banks said in Des Moines, "but proper handling within the next year will bring him around. I believe a session on the gridiron this fall will harden him a bit and make him a greater boxing possibility."

"The big fellow is just crazy to fight, and you can bet he's going to exhibit around here this winter."

FAT LARUE-JIM BARRY BOUT DECLARED LEMON

OAKLAND, Cal., July 24.—The Fat Larue-Jim Barry go here last night was awarded a lemon. The bout was generally conceded to have been a circus. Jimmy Duffy took the decision from Jimmy Marshall in the semi-final. Johnny Arrouse and Eddie Landon went to a draw. The bout was the best one on the program, Arrouse being knocked down twice, but coming back so hard that Landon had to hold on to save himself in the last round. Jimmie West won from Kid Romeo.

Eddie Foster Following in Footsteps of Billy Sunday

Veteran Third Baseman of Washington Makes Debut in Mission

WASHINGTON, July 24.—Eddie Foster, veteran third sacker for the Washington Club, is understudying the famous Billy Sunday.

Eddie is knocking the cover off the ball when old sater is in the box. He's sincere about it too. Foster's debut was made at the City Mission in Cleveland. Harry Harper, pitcher, and Ed Gharriy, catcher, were in the audience. Eddie didn't make a very good

start. He fumbled a little but the "stuff" went over and a run was scored.

Foster has been with Washington seven seasons. He is a good hitter and fielder. His batting average has run from .235 to .288. This year he is hitting around the high mark. He is 31 years old and has been in baseball 15 years.

The high prices offered for prunes have resulted in an unprecedented rise in the values of prune orchards in Santa Clara valley during the past three months. Scores of orchards have been changing hands at prices from \$1,000 to \$1600 per acre.

PRESIDENT BAUM, COAST LEAGUE WILL QUIT

Head of Organization Will Be
Agent For Eastern
Glass Product

SAN FRANCISCO, July 24.—The Pacific Coast League is minus a president whenever the board of directors get ready to accept the resignation of A. T. Baum.

Baum, who has held the mentorship of the league for eight years, tendered his resignation late yesterday. He has accepted the agency for an eastern glass product. An effort was made last February to oust Baum, it was said, but as no one could be found to fill his chair, the matter was dropped.

Baum stepped from a telegraph desk to the position of sporting editor of a San Francisco newspaper from which he graduated to his present resigned position.

Round Coast League Bases

Home runs: Cooper, Oaks; Sheely, Bees; Hosp, Raniers.

A timely bingle by Casey Smith in the 11th inning won for the Seals from the Beavers, 2 to 1.

The Bees dropped a loose game to the Oaks, 17 to 4. Five errors by the Salt Lake club cinched the game for the commuters.

Pounding Gardner out of the box in the first inning, the Tigers rolled up an 11 to 2 win over the Raniers.

The Senators kept up their winning streak, coming from behind and tying the score in the seventh and then copping their 11 inning contest with the Angels, 4 to 3.

Watching the Scoreboard

Yesterday's hero—Grover Alexander. The Cub star won an eleven inning game from the Dodgers, allowing nary a run. The Dodgers lost the second pastime also without scoring, 6 to 0.

Rube Benton pitched a ball game and knocked out a home run that won it. The Reds went down, 6 to 1.

The Red Sox took a hitch in the Tiger average by winning, 8 to 1.

The Phillies won their fifth straight from the Pirates, 6 to 1, but succumbed in the second, 1 to 0.

FOREST CADY WILL PLAY WITH TIGERS

LOS ANGELES, Cal., July 24.—Forest Cady, famous once of Boston and recently released by the Philadelphia Nationals, is en route to Los Angeles to join the catching staff of the Vernon Tigers. Manager Bill Essick of the Tigers announced today.

NAVAL RESERVE MEN HAVE FINE OPORTUNITY

Special Inducements Offered
for Continuing Service
In the Navy

Here's the big opportunity for the enlisted men in the naval reserve service. The navy wants them, and is offering a fine inducement, with possibility of being transferred at once to the Pacific fleet soon to be in Southern California waters.

Chief Carpenter's Mate W. P. Hughes, who is in charge of the local navy recruiting station, is stepping high today, as the result of the receipt of a new regulation covering service by men on the reserve list.

He sees in the offer a splendid opportunity for such men and possibility for a goodly number of enlistments locally.

"I have just received notice that all men of the naval reserve force who had active service during the war, and who are not over 45 years of age, may transfer to the regular navy to serve the unexpired portion of their enlistment," said Hughes today.

"The benefits to be derived from this are that a man of the reserve force will receive four months pay at the rate he was drawing when he was released from service, as a bonus. It will be given in a lump sum. He will receive \$7 per month more than he was receiving at the time he was released from active service, and a thirty-day leave with pay from the date of agreement of extension.

"This means that a man of the reserve force who has served two years and received pay at \$50 per month at the date of discharge, would, upon extending his enlistment two years, completing his original four-year enlistment in the reserve, receive \$200 cash and \$57 per month. In other words he is made a present of \$200 and a permanent increase of \$7 per month in his wages.

"His chance for advancement never was better, any advancement carrying a substantial increase in pay.

"This proposition is open to every man of any rating of the reserve force who served during the war. They may be transferred direct to a receiving ship or the big fleet soon to arrive in San Diego and Los Angeles. Each man is entitled to wear the much-coveted service stripe on his right sleeve."

Look Out Mr. Home Beer Maker or the Revenue Man Will Get You Sure!

LOS ANGELES, July 24.—Internal Revenue Collector Carter stated yesterday that many complaints were coming to his office in regard to the manufacture of beer for personal use by citizens of Los Angeles in their own homes, and that each case so reported would be investigated by agents of the Department of Justice. Under the war-time prohibition law, the manufacture of beer under such circumstances is a plain violation of the law, and all cases will be vigorously prosecuted, where the circumstances seem to warrant.

Several places within the past year have been opened in this city, it is said, for the sale of recipes for making beer at home. Under the law this is not prohibited, but if any person purchases the recipes and proceeds to use it, he or she is liable, the collector states. It is one of the peculiarities of the Federal enactment that it is not unlawful to sell an instrument by which the user can violate the law.

WOMEN BLAMED FOR CIGARETTE SHORTAGE

LONDON, July 24.—Two explanations of the shortage of tobacco and cigarettes are given by a representative of the Imperial Tobacco Company.

A preference for cigarets by soldiers who smoked pipes before the war.

The increased and ever increasing number of women who have developed the habit of smoking cigarets.

With regard to the second point, the representative said that most people failed to appreciate the number of cigarets consumed by women.

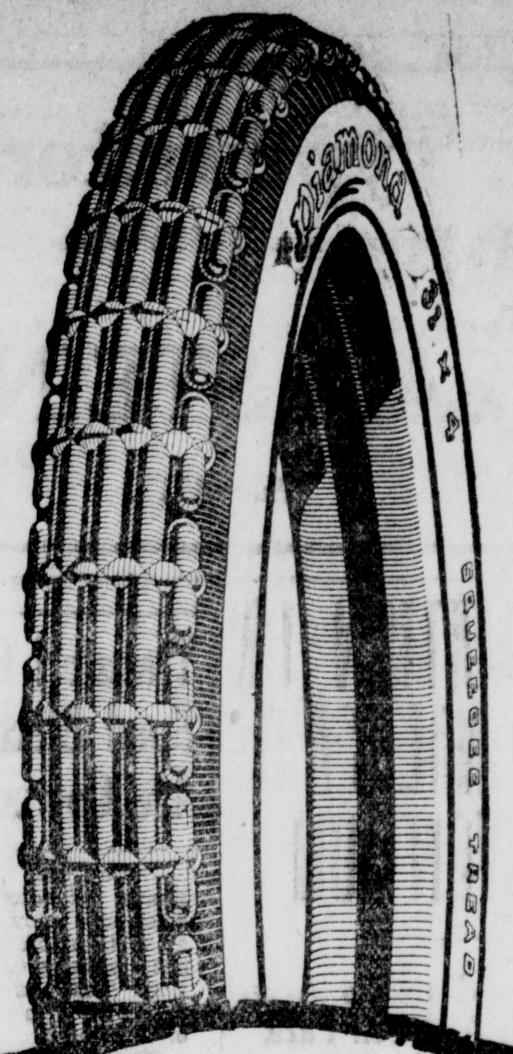

"Recently," he added, "two girls about to start on a fortnight's holiday, called on one of our customers for 2000 cigarets, which they 'hoped' would see them through."

HEAVY MACKEREL RUN AT REDONDO BEACH

REDONDO BEACH, July 24.—The run of mackerel, which has continued uninterruptedly for the past two weeks, is getting better every day, with indications pointing towards a phenomenal run of the large corn feds. Great schools of the mackerel are close in, and being caught by the thousands from the three piers. They are so thick that they can be seen in great numbers by the naked eye. Much of the mackerel is still small, but there is now a fair sprinkling of the large ones. More large ones were caught this morning than on any previous morning.

\$10,000 WEEK SALARY BUNK, DECLARES DAVIS

SAN FRANCISCO, July 24.—"Press agent stuff" is what Harry Davis, former circus man, labels talk about Jack Dempsey getting \$10,000 a week for circus, theatre or evangelistic work. Davis, who quotes himself as being an authority on theatrical and circus salaries, says that Dempsey will not get over \$2,000 for possibly ten weeks or less.

Diamonds Raised Their Own Mileage Adjustment To

Fabrics - 6,000 Miles
Cords - 8,000 Miles

Diamond Tires kept on giving such masterly service—kept it up with such unwavering consistency—that they automatically lifted themselves out of the old adjustment class.

Think of it—formerly on Fabrics the adjustment was 3,500 miles—now 6,000 miles; on Cords, 5,000 miles—now 8,000 miles.

If a good tire which was the favorite of hundreds of thousands of car owners, proved itself so much better that we can safely—very safely—raise the adjustment bases more than 40%, it is a sure-mileage tire for you to use.

Now is the time to put on Diamonds all 'round.

The new adjustment bases also apply on all Diamonds now in use or in the hands of dealers.

INFORMATION ON NATIONAL G. A. R. CONVENTION

Veterans and Ladies Asked To Meet At Birch Park Friday Afternoon

Members of the G. A. R. and auxiliaries who want to attend the national encampment to be held at Columbus, Ohio, commencing September 7th are requested by Adjutant H. F. Stone to be at Birch Park Friday afternoon at 4 o'clock when they will be given full information as to securing tickets. Information will be given them on matters connected with the trip.

F. T. Smith, local agent, will be present to explain everything in connection with tickets and routes.

It is expected that a number will attend from here and by collecting all the tickets and routing as will best suit the individual.

REPORT PLOT TO PUT NICHOLAS ON THRONE

TRIESTE, July 24.—Reports from Agram declared that at a recent meeting of the council of state, Great Britain and Italy were accused of plotting to restore Nicholas I to the Montenegrin throne.

Nicholas, former king of Montenegro, was deposed during the war by a pro-Yugo-Slav faction. Agram, the source of the foregoing report, is the capital of Croatia and Slavonia.

COUNTY RELIEF ASK MEMORIAL FROM BATTLESHIP MAINE

COST \$19,980 PAST YEAR

Orange county is going to try to get one of the memorial tablets made by the government from the salvaged material of the U. S. battleship Maine. This was decided upon by the supervisors at their last meeting, when they authorized the county clerk to file application with the Navy department for one of the tablets, of which about 2000 were made. Whether the tablet, if secured, will be placed on the courthouse grounds or in the county park has not been discussed.

The board appropriated the sum of \$2,000 to aid the Farm Bureau work, an annual appropriation, and granted fumigating licenses to the La Habra Citrus association and to C. E. Bowman.

Increase Due to Flu Epidemic; Less Sickness, Less Booze Conditions Improved

Orange county spent a total of \$19,980.48 for relief work during the past year ending June 30, according to the annual report of the aid commission, just forwarded to the state board of charities and corrections. This is an increase of approximately \$400 over the previous year, due to the "flu" epidemic.

Wages are now better, there is less sickness as a whole, less booze and more money spent for eatables, and the general condition is much improved, according to the observations of Commissioner Gregg.

The figures of expenditures of the aid department, as submitted to the state board, are as follows: for groceries, \$10,883.10; cash, \$4240.39; rents, \$1588.40; salary (county physician) \$1290; drugs and medical attention, \$759.19; transportation to another county or state, \$157.43; burials, \$3390; soldiers, \$300; miscellaneous, \$193; total \$23,312.26; administrative expense: salaries, \$1839; office supplies, \$55.14; field and other expenses, \$194.12; total, \$2088.26; gross expenditures, \$25,400.52; refund from state orphan aid, \$5,420.04; actual cost to county, \$19,980.48.

SOUTHERN CALIFORNIA

PASADENA, July 24.—The city of Pasadena has been asked to contribute \$2000 to the expenses of the fight to be waged by various Southern California cities against proposed increased fares on the Pacific Electric Railway. The request is now under consideration by the City Commission.

SANTA MONICA, July 24.—The annual report of Superintendent of Schools H. M. Rebock shows that twenty-five percent of the population of the city attended school last year. The total attendance at day and night schools was 3515. The enrollment at night schools was 580.

POMONA, July 24.—With fifteen charter members and prospects of many more as soon as the organization is perfected, the Capt. Charles P. Rowe Chapter of the American Legion was organized here. The American Legion is the G. A. R. of the world war.

CALEXICO, July 24.—The grammar school board, finding that the recent bond issue of \$20,000 is insufficient to build the new school under consideration, has decided to ask authority to issue \$20,000 additional bonds to complete the work.

LONG BEACH, July 24.—Sustaining injuries that may prove fatal when a gasoline stove which she attempted to light exploded, Mrs. Donald Percy of State street and Loma avenue is in a critical condition in a local hospital.

LOS ANGELES, July 24.—Cupid Sparks was busy yesterday, in addition to his regular duties as marriage license clerk, sorting replies to a "fair, fat, jolly and A-1 cook" who recently appealed to him to help her find a husband. More than twenty-five letters were received by Sparks from applications for the honor and a number came in person to interview him.

SAN DIEGO, July 24.—Ralph Miller of Pasadena was convicted by a jury in Superior Court here of involuntary manslaughter, after the jury had been out for twenty-six hours. Miller's attorney filed an application for probation and Miller was allowed his freedom until Monday, when the court will take up the petition. Miller's car, it was charged, ran down and killed M. S. Krepsala of Los Angeles on the highway near La Jolla, the night of November 11, 1918.

LONG BEACH, July 24.—Men employed by the day by the city of Long Beach will, commencing September 1, receive an increase in wages of about \$15 a month, it was announced today. Technical men in the employ of the city will receive an increase of about \$10 a month, while a number of police officers are scheduled for an increase.

COURTHOUSE NOTES

The preliminary examination of Edwin Weaver, on charges of forgery and embezzlement growing out of his alleged sale of automobiles he did not own, which was scheduled for yesterday afternoon, was continued to August 5 at 11 a. m. with bail fixed at \$1000 on each of the two counts.

Judge West has made an order vacating his previous order appointing T. L. Smith as receiver of the Richfield Market as petitioned for by Laura B. Resh and W. H. Pillsbury.

Alexander Brownridge, with Eden and Koepsel as his attorneys, has applied for letters of guardianship on the property of Martha Van Ness, aged 80, of Santa Ana, who is alleged to be unable through age and infirmities to properly manage her estate.

WESTMINSTER NEWS

WESTMINSTER, July 24.—The families of O. J. Day and Guy Mansperger spent several days this week at Ocean-side fishing.

Frances Penhall, who has not been well for a week or two after an attack of appendicitis, was told by his physician Wednesday that he was threatened with typhoid fever.

Lloyd Edwards is gradually improving but is still at the Anaheim Sanitarium.

Mr. and Mrs. Andrew Mefford daughter Cora and Mrs. J. Cunningham spent Tuesday night with Mrs. McCulloch at Newport. Mrs. Mefford's grandson, Joe Mefford, who has spent several months with Mrs. McCulloch left last week for his home in Alamos.

The Happy Workers met all day Wednesday at the home of Mrs. Samuel Dickey. Luncheon was served at noon consisting of meat loaf, potato salad, cucumbers, bread, coffee and lemon pie. The business session was presided over by Mrs. O. C. Hare. The subject of buying some plates, cups and saucers for the use of the society was discussed and a committee appointed to investigate prices. Mrs. Abel Solomon of Bell, was asked to tell something of the work of the Federated Ladies' Aid which was to meet next day at the Second Presbyterian church at Long Beach. About thirty were present.

Stanley Solomon, son of Mr. and Mrs. Abel Solomon of Bell, former residents, who reached New York July 2, arrived at the home of his parents last week. He weighed 175 pounds when he left France on an Italian vessel on June 16, but lost fifteen pounds on the home trip, due to bad cooking and a shortage of food, as he was not seasick. Two days after starting the captain fired the Italian cooks for fear they might poison the troops on account of ill feeling caused by peace terms, and put in inexperienced boys as cooks. As the boys came by train through the middle west, farmers at the stations begged them to stop and help them, offering as high as fifteen dollars a day for running a tractor.

The local Rebekah lodge entertained about forty visitors from the Fullerton lodge on Tuesday night at their regular meeting. Dainty refreshments of ice cream and cookies were served. Among the visitors was Mrs. Chas. Lloyd, who resided here about twenty years ago.

J. Y. Anderson and daughter, Mrs. Mary Tilton who had been at the H. B. Anderson home returned to Los Angeles Monday. The nurse left last week as Mr. and Mrs. Anderson are both much better.

UNITED CIGAR STORE CLERKS GO ON STRIKE

CHICAGO, July 24.—Upwards of 300 United Cigar Store clerks were on strike here today, following hasty formation of a union affiliated with the Federation of Labor last night.

Officials of the cigar stores declared the men were influenced by agitators and left their jobs without making any formal demands. Later they formed a union, it was said.

MAKING MONEY TO BUY HOMES IN CALIFORNIA

East Is Humming With Business, People Too Busy Now To Come West

The people of the east are too busy making money to come to California now, in the opinion of J. S. Smart, of the Smart & Final Wholesale company, who has just returned from a trip east, going to attend the centenary held at Columbus by the First M. E. church and the Methodist Church South.

"Business is humming and the people are making more money than ever in their lives," said Smart. "When they have accumulated their 'stake' then they will be coming to California to make their homes, and when they do come they will have money enough to buy anything here that they want."

"The situation is a good deal like the New Yorker, who pointing to one of the big sky scrapers, remarked to a friend: 'That building is full of men who some day are going to be wealthy and when they get their money they are going to retire and go to California to bask in the sunshine and enjoy life as it should be enjoyed by those who have devoted themselves to the hard grind for years.'"

On July 4th and 5th Smart was among the thousands who attended the centenary and viewed the wonderful exhibits assembled from home and foreign countries entirely by the two denominations. It was one of the biggest events ever attempted by church denominations and it was successful in every particular.

On the fourth 120,000 people attended the exhibit at the fair grounds, with the temperature at 106. The people were not here out of idle curiosity. An admission fee of 50 cents was charged and those who attended were there because they wanted to view the exhibits.

"It was the greatest thing of its kind ever staged," said Smart. "There were most interesting exhibits from many foreign lands mingled with those from our own country. The affair was supervised by the two churches. Missionaries of the world were there in numbers in native costumes, while the exhibits were typical and some of the best in the countries from which they were brought. Lectures were given every day."

"Big parades were held on the 4th and 5th of July, the one on the latter day being through the streets of the city. It was between three and four miles in length and all of the exhibits that could be conveniently moved were shown in the parade."

The centenary was in celebration of the 100th anniversary of the institution of missionary work in local and foreign fields and in completion of the drive for the raising of a fund of \$110,000,000 by the two churches for home and foreign missionary work. Half of the sum will be used in the United States and the other half in foreign fields within the next five years.

Smart was absent from home a month and while in the east visited in his old home towns, Saginaw and Detroit, Mich. He met many of his old business friends and enjoyed a most delightful visit with them.

7 MILLION CANS FRUIT, PEPPERS PUT UP HERE THIS SEASON

Half-Million Cans Apricots,
Four Million Pimientos,
1,800,000 Chilis Included

Approximately seven million cans of fruits, chili peppers and pimientos will be put up in Santa Ana during the 1919 season and shipped to markets all over the United States. There is a strong demand everywhere for the local product and the output is limited, not by the demand, but by the canning facilities. Close to \$1,500,000 will be paid out during the season in wages by the two big local canneries to about 325 women and girl workers.

The Taylor cannery, which makes a specialty of high-class family trade will have put up 150,000 cans of apricots by the last of this week, then will shut down for a fortnight. Orange county apricots were the best to be had this year, Taylor Bros. found, and so have used 100 per cent local grown fruit.

After the short vacation at the end of the apricot season, the cannery will open up again, running on pears from the Sacramento valley and peaches from Visalia, then will follow all manner of fruits including plums, grapes, and prunes until the season closes in October. A total of probably one million cans of fruit will be put up by Taylor's this year, a larger output than usual. The payroll at this plant for its seventy-five workers runs more than \$1,000 a week, with a total payroll during the season of between \$20,000 and \$25,000.

The entire product of the Taylor cannery was sold before June 15 and no orders have been accepted since that time. Besides orders from the United States which could not be filled, there were others from Norway, Sweden and England, which met a like fate, simply because the cannery could not reach an output which would meet the demand. And some of the would-be English customers the cannery has served for several years with its fine Orange county product.

Packing Corporation Hustling
The California Packing Corporation's big plant on East First street is employing about 250 women and girls, with a payroll which runs around \$6,000 a week or \$100,000 for the season. By the end of the apricot season with in a very few days, this plant will have produced close to 15,000 cases of apricots, at 24 cans to the case, or a total of 350,000 cans. The apricots for this cannery are hauled here by truck from the great apricot district about Hemet.

After a brief shut-down, the cannery will then reopen, according to Manager J. W. Shumate, about August 7 to 10, for its run on chili peppers, and about October 1 the chili peppers will give way to pimientos, which will keep the plant busy probably until New Year's Day. Manager Shumate estimates the chili output this season as 25,000 cases of 72 cans each or 1,800,000 cans in all, and the pimiento production as 40,000 cases of 100 cans each, or a total of four million cans. The bulk of the peppers is grown on the Von Schiltz ranch southwest of town and in the Garden Grove and Stanton districts.

HENRY SPARFIELD IS DEAD AT AGE OF 66

Henry Sparfield, aged 66, died on Monday at St. Catherine's Hospital, Santa Monica, where he was taken recently. Funeral services will be held at the Ellis & Clark funeral parlors at Orange tomorrow, July 24, at 2:30 p. m. with interment at Fairhaven cemetery. Mr. Sparfield was for many years a well known rancher of the Tustin district. He sold his ranch and about a year ago moved to Inglewood, where he has since resided. His wife died four months ago today, and he has no known relatives in this vicinity.

Willits and Bower, Man-O'-Warsmen, With Pacific Fleet

Earl P. Bower (above) and Louis J. Willits, Santa Ana Gobs, now en route to this coast with the Pacific fleet.

Both Narrowly Escaped Death During War When San Diego, Chauncey Sunk

There are at least three Santa Ana sailormen now en route to the west coast with the new Pacific fleet of the American navy, possibly more. The three who are known to be making the trip are Homer Iman, whose presence on the Georgia is already announced; Earl P. Bower, son of Mr. and Mrs. T. H. M. Bower, of 307 Garnet street, and Louis J. Willits, son of Mr. and Mrs. T. Willits, of 512 South Van Ness street.

Bower was on board the Sea Rover at last accounts, and has been in the Bermuda Islands since June 10. As soon as the fleet reaches San Francisco, he will have made a full trip around the world by water as a member of the navy, having sailed from Santa Francisco for the Philippines two years ago last March. Since that time he has been in the war zone, So. Carolina, Florida and the Bermudas. His enlistment period will be up in ten months.

Bower, one of the many amateur wireless operators in Santa Ana, made rapid advancement in this service after his enlistment on November 9, 1916. He was radio operator on the destroyer Chauncey, when this vessel was accidentally rammed by a British boat in the Mediterranean on November 19, 1917, when twenty-one members of the crew lost their lives. Bower was one of those on the end of the boat which remained afloat an hour and a half and was rescued by the British vessel. Later he was on the Bainbridge, engaged in conveying troop ships to France.

Willits, who is on the U. S. Pueblo, en route westward, also was on board a navy vessel sunk during the war, being a member of the San Diego's crew when she was blown up by a torpedo or mine off the Atlantic coast. At that time he lost all his belongings except the clothes he wore. After that incident, he was put on board the Pueblo, where he has since been in the convoy service, making regular trips between New York and Brest. He was a fireman, first class, at last report, but it is believed

COUNTY SCHOOLS COST \$752,635 YEAR ENDING ON JUNE 30

Average Daily Attendance,
Cost Per Pupil, Teachers'
Salaries Given in Report

Some interesting figures regarding the schools of Orange county are given in the annual report of County Superintendent R. P. Mitchell, just completed for the fiscal year ending June 30, and forwarded to the State Board of Education.

The report discloses the fact, for instance, that the average cost per kindergarten pupil for the year was \$47.03; for the elementary student, \$49.47, and for the high school student, \$161.40. The total cost of all county schools was \$752,635.11.

There were 23 kindergarten teachers, 289 elementary teachers, and 132 high school teachers employed during the year. The average yearly salary of kindergarten teachers was \$701.67; the average salary of elementary teachers, all women, was \$819.46, and the average salaries of high school teachers were as follows: men, \$1677.57; women, \$1249.41.

The average daily attendance for kindergarten schools was 372 and the total kindergarten cost was \$17,497.41, an average per pupil of \$47.03. The average daily attendance for elementary schools was 7,115 and the total cost \$399,568.50, or an average cost of \$49.47. Santa Ana's figures were 1707 for average attendance and \$89,257.94 for the cost, an average of \$52.28 per pupil.

High School Figures
The average daily attendance for county high schools, which includes the Junior College and Night School departments, was 1968 and the total cost \$335,568.80, an average cost of \$161.40 per pupil.

Santa Ana high had an average attendance of 809 and a cost of \$96,061.22, including \$2669.37 for building and repairs, an average cost per pupil of \$118.74, the lowest in the county. The average cost of Fullerton High after deducting \$36,190 spent for buildings, was \$187.78 per pupil, the highest cost of county high schools. The Fullerton figures are, average daily attendance, 442; total cost, including \$36,190.32 for buildings, \$119,188.37.

Anahiem had an attendance of 279 and a total expense of \$38,143.90, of which \$297.88 was spent for repairs. Orange had an attendance of 314 and an expense of \$48,614.17, of which amount \$5,454.80 was spent for building.

Huntington Beach had an attendance of 124 and an expense of \$33,511.14, of which \$1,075.50 was spent for building and repairs.

Czecho-Slovakia Puts Women on Same Plane With Men in Politics

PRAGUE, CZECHO-SLOVAKIA, July 24.—The new republic of Czecho-Slovakia may have many trials, but its "White House" will never be picketed by "votes for women" campers, or its streets blocked by suffragette parades. For when this newest of the world's democracies was born, women came into the same political privileges and powers as the men.

The municipal elections will see women not only at the polling places, but in numerous cases standing as candidates for office. The new government has announced that "while it is true that woman's place is first and foremost in her home, it is also true that there are many political, economic and social problems affecting all classes which will be all the better solved by the presence of women in the council chambers."

Members of the American Red Cross unit, which is distributing food to thousands of under-nourished children in the new republic, find women taking an unusually prominent part in all governmental activities. At all the local town-council meetings, there have always been a large proportion of women representatives.

P. J. TEHANEY STATE MOTOR VEHICLE HEAD

SACRAMENTO, July 24.—Peter J. Tehaney of Oakland, has been appointed by Governor William D. Stephens as superintendent of the State Motor Vehicle Department, succeeding H. A. French of San Francisco, who resigned about 18 months ago. Mr. Tehaney has been acting superintendent. The governor also appointed G. H. Hecke of Woodland, director of the new State Agricultural Department.

QUEEN OF SPAIN OPENS RESTAURANT TO HELP FEED DESERVING POOR IN MADRID

Queen Victoria standing beside table at extreme right, and helpers in restaurant scheme.

DAILY TURNING OUT 1200 TOY AEROPLANES

Hitting a production pace of 1200 a day, the California Crate Company of Santa Ana is turning out toy aeroplanes, called California Flyers, faster than at any time since the company took over the making of the toy.

There is every reason to believe that the popularity of the toy will keep the factory busy for several months. Invented here, manufactured here and its sale managed through the office of F. P. Jayne, manager of the California Crate Company, the toy is essentially a Santa Ana product.

"Orders are coming in right along," said Jayne today. "We are going after the business, and are succeeding. When J. S. Smart was in Detroit he secured a good order for us. A Michigan house has given us an order recently. A Denver firm with twelve traveling men has become our representative and expects to order between 100,000 and 200,000 flyers. The demand in Los Angeles continues strong."

Jayne said that it is not the intention of the crate company to go permanently into the toy business. Of course, if a good thing like the California Flyer comes the company's way, it will be taken up, but it is not the desire of the firm to go into a general toy-making business. Since it became known that the company was making a toy, no less than twenty different toys have been submitted to the company for manufacture. A few of the toys were presented by Santa Anans, but most of them came from various Southern California cities. None of them seemed to have the popular appeal of the toy aeroplane and none of them has been accepted for manufacture by the crate company.

POMONA SMUDGING LAW ATTACKED BY 2 SUITS

LOS ANGELES, July 24.—The anti-smudging ordinance of Pomona was attacked in two suits filed this week in the Superior Court against that city. The ordinance prohibits the burning of smudge pots inside the city limits. D. C. Crookshank, who says he owns a citrus grove valued at \$100,000 inside Pomona, filed one of the suits to have the ordinance declared void. J. C. Curran, who also filed a suit, says the only way he has to protect his grove, valued at \$10,000, in cold weather is to smudge.

The plaintiffs allege smudge pots are used on the 20,000 acres of orange groves near Pomona and that the amount of smudging done in that city does not cause any damage.

ILLINOIS PICNIC AT LONG BEACH SATURDAY

Former residents of Illinois will hold the great summer picnic for all the "Suckers" at Bixby Park, Long Beach, all day Saturday, July 26, with basket dinners at noon. It will be under the auspices of the Long Beach Illinois State Society, Dr. G. H. Galbraith, president, but an invitation goes to all who ever lived in that state to attend. County registers and headquarters will be opened for every county in the state, 102 in all, so all may enroll and find old friends. Dr. Galbraith will preside over the program, opening about 2 o'clock, which will be brief, as the main purpose will be to have a jolly social time together. Pass the word along to others from the home state.

Cafe Liberally Patronized by Needy Who Get Plain Nourishing Foods

MADRID, July 24.—Because of the big cost of food in Spain, lack of work and consequent suffering of the poor, Queen Victoria has opened a restaurant for the poor in this city, and it is most liberally patronized.

Many of Madrid's poor were starving because profiteers put food prices beyond their reach. The scarcity of food also had something to do with the high prices. When the queen learned of exact conditions she set about to do what she could to ameliorate the suffering. Cheaper food was the first thing to consider.

She concluded that a restaurant would solve the problem quickly as there would be a saving, not only in the food cost, but in fuel to cook it, as well as handling. She sought the aid of the other influential Spaniards, some of them church dignitaries. The restaurant was opened and plain but nourishing food was served to the deserving ones.

The queen is much interested in the outcome of her venture and is often seen at the cafe during meal time. She was photographed during a recent visit there with a number of her helpers in the philanthropic scheme.

MUCH BEING LOST ON SKINS OF ANIMALS

LOS ANGELES, July 24.—California cities are losing thousands of dollars annually because they are not in the fur business.

That fact was pointed out to the Los Angeles city council by Mrs. Harriet Myers, president of the city humane animal commission. She urged that the city require that every animal killed in the pound—cat, dog, horse, pig, sheep or great auk—be skinned and the pelt sold through regular fur dealers.

She estimated that in Los Angeles alone 3000 dog skins and 10,000 cat skins would be turned into revenue each year. The skins are worth from 25 cents to possible several dollars each.

Taking a Big Chance

It is too much of a risk to depend upon neighbors or sending for medicine in case of a sudden attack of bowel complaint. In almost every neighborhood some one has died from cholera morbus that could easily have been saved had the proper medicine been at hand. Then think of the suffering that must be endured until medicine can be obtained. The safe way is to keep at hand a bottle of Chamberlain's Colic and Diarrhoea Remedy, a preparation that can be depended upon. Buy it now. It only costs 35 cents.—Advertisement.

ALTERATIONS AT 113 W. FOURTH UNDER WAY

Alterations are under way in the room at 113 West Fourth street, just vacated by the Lion Tea and Coffee house, and Mrs. Ben E. Turney, with Geo. E. Preble as the contractor, the property belongs to J. C. Franklin.

E. B. Smith will occupy the room as soon as it can be made ready for occupancy. Many improvements are to be made in the place and Smith will fit up a handsome jewelry store.

Mrs. Turner is moving to the Santa Ana book store, where she will have desk room until such time as Smith can move from his present location on West Fourth street and the Santa Ana Book Store can move to the room vacated by Smith.

C. T. Elsie has taken out a permit for alterations and repairs to his residence at 2218 Santiago street to cost \$1400. A. E. Noe has the contract.

With J. S. Fluor as the contractor, John A. Harvey is making alterations and additions to his residence at 1201 North Broadway to cost \$2000.

LOS ANGELES REVOKES ALL LIQUOR LICENSES

LOS ANGELES, July 24.—At six o'clock last night the City of Los Angeles went bone dry!

At that hour the police commission in special session in Mayor Snyder's private office revoked all existing liquor licenses in the city, effective at once. Chief of Police George K. Home and City Clerk Charles Wilde attended the special meeting.

City Attorney Charles S. Burnell recently advised City Clerk Wilde that he should refuse to issue any licenses to persons, firms or corporations dealing in liquors until such time as the President of the United States issues his proclamation declaring demobilization complete.

In this connection City Attorney Burnell pointed out that should the contention of the United States Government be upheld by the Supreme Court a city official who should issue a license or permit to sell alcoholic liquors might very possibly thereby "subject himself to prosecution by Federal authorities for conspiracy to violate the terms of said statute."

In order to avoid possible difficulties the police commissioner decided to make a clean sweep.

ANNUAL AVERAGE TWELVE BOOKS PER PATRON FOR YEAR

Report of Library Board
Shows 6563 Members,
Circulation of 79,616

That the 6563 patrons of the Santa Ana public library read an average of over twelve books each last year, is disclosed in the annual report of the library board to the city council. During the year \$2,409.09 was expended for new books, periodicals and rebinding of old books.

With the revenue of the library about \$6000 last year, under a tax levy of 10 cents, the board has asked for a levy next year that will produce \$12,500. Increased running expenses and enlargement of quarters to accommodate the growing patronage of the institutions are assigned as the reason for asking the large amount.

Circulation in the adult department was 60,030, an increase of 5236 over the previous year. Circulation in the children's room was 19,585, an increase of 1392 over the year before.

The largest daily circulation was 532 on February 23, and the smallest on August 21, 1918. The total volumes in the library is 20,153. The board subscribes for 103 periodicals and 41 donations were made during the year. The report discloses the fact that fiction is the greatest in demand among the readers. With the exception of philology, religious reading is the least in demand.

Books Taken Out
Books were taken out for the year, as follows: Magazines, 4239; fiction, 54,701; philosophy, 624; religious, 521; sociology, 3822; philology, 53; science, 1399; useful arts, 1616; fine arts, 1122; literature, 3292; history, 8227.

The receipts derived from taxes, fines, reserve book fund, cash and unexpended balances amounted to \$10,975.98. Of this amount, \$2409.09 has been expended for new books, periodicals and rebinding of old books. The annual running expenses of the library, including salaries, supplies, fuel, light, furniture and fixtures, expense, etc., has totaled \$4839.07.

The board desires to state that although the report of the secretary shows a cash balance of \$3727.82, about \$2500 has been set aside to defray salaries and running expenses until the next tax distribution. Besides this, there will be bills for books, binding, etc., that will have to be paid.

The total accession of volumes for the year was 1601. The loss sustained by wear, by books lost, etc., amounted to 367; leaving a net gain of 1234 volumes, and making a total of 20,153 volumes in the library June 30, 1919.

Circulation for the year was 79,616, being a gain of 6528 over the previous year. The present membership is 6563.

Increase in all Lines

The Santa Ana public library has enjoyed unusual activity during the past year. The same general lines of work have been followed as heretofore, with an increase along all lines.

In order to do more adequate work there must be an increase in the financial support of the library. A lack of funds has made it impossible to pay the wages which should be paid the employees to properly compensate them for their labors. The increase of salaries in other vocations—and even in other city departments, makes necessary an increase in the library department.

Another most previous situation rests in the fact that larger accommodations must be provided. The library as it now stands is crowded to the limit, and a careful investigation will show that the service of the library is hampered in every way by the limitations of space. There is no longer floor space for additional stacks in the stack room, and to relieve the crowded condition already existing, several hundred books have been moved to the basement.

As one of the main departments of the city, the library is deserving of much thoughtful consideration on the part of the city officials and citizens.

Come to Laguna Beach the Vacation Paradise of Orange County

Laguna Beach opens her arms and welcomes all of Orange county to spend the summer among her canyons, towering trees and her rock-ribbed coast. Laguna is Orange county's place of rest and scenic wonders. Artists have raved over it, nature lovers have bestowed unlimited praise upon her and raised their hearts in thankfulness for the inspiration she has given them. To those who see with their souls Laguna and Arch Beaches provide boundless satisfaction. Nature calls mightily here and answers the craving of every being who appreciates her wonders and delights in her beauty.

It has grown upon nature lovers from near and far that Laguna has a quaint beauty entirely her own. The shore, for one thing, is wholly unlike other beach shores. It is not long and straight, but rocky and full of turns—"surprises everywhere"—is a slogan artists have given Laguna's shore line. At low tide the gulches, crags and nooks are exposed to full glory. The brief space of gentle sloping beach very quickly reaches the embrace of the ocean through rocky cliffs. San Juan point may be seen in the distance.

Orange County's Art Gallery

Are you anxious to make Orange County the most unique in the State?

It is famous for its good roads.

It is going to have a harbor.

But do you know that it has an Art Gallery at Laguna Beach that is better organized and is showing better pictures than any gallery of its size in the State?

Join the Art Association and help support the Gallery.

If you see a picture you like, buy it. You will never regret it.

You have only one more week to see the present exhibition and it is a good one.

Gallery is open every day and Saturday night. Come and bring your friends.

PLANT HUNTER'S LIFE IS ENDED BY DROWNING

The current issue of the Geographical Magazine contains an excellent article concerning the life and work of Frank N. Meyer, plant hunter, explorer of the Bureau of Foreign Seed and Plant Production, Department of Agriculture.

For a year about 1903 Meyer was with the federal gardens then operated here on Durant street, afterward known as Pierce's Wild Plant Improvement Gardens.

Meyer was drowned in the Yangtze river on June 2 as he was on his way to friends after a siege of illness in the Asiatic interior.

While in Santa Ana he roomed at the home of Mrs. J. B. Lockett, then on Spurgeon street. Among his close friends was Fred Rafferty, who afterward heard from him when Meyer was in Mexico gathering seeds and plants for importation to this country. Meyer spent years in China, Siberia,

Turkistan, the Caucasus and Korea. Hundreds of wonderful plants, whose usefulness and adaptability to this country were discovered by Meyer have become firmly established in America. One of the most useful in California was a drought-resistant and alkali-resistant wild peach, the root of which is now used for peach pudding purposes in California nurseries.

Meyer's achievements are described, and some of the deeply interesting letters written by him during his exploring expeditions, are presented with illustrations in the Geographical Magazine in an article entitled "A Hunter of Plants," written by David Fairchild of the United States Department of Agriculture. Meyer was a Hollander, naturalized in this country.

TALBERT NEWS NOTES

TALBERT, July 24—Mr. and Mrs. Robert Giesler and family were Long Beach visitors on Sunday.

Among those attending the Elks' barbecue at Orange county park the past week were Mr. and Mrs. Hugo Lamb and children, Mrs. Mary Lamb, Mr. and Mrs. Gregg Harper and family and Mr. and Mrs. Will Jones and family.

Rev. and Mrs. J. J. Woodson, Misses Mabel Lee and Dorothy were entertained at dinner Saturday at the S. E. Talbert home. The occasion was the honoring of Mrs. Woodson whose natal

day it was. In the evening an ice cream supper was enjoyed, those present beside Rev. and Mrs. Woodson and daughters and the host and hostesses being Mrs. Ben Rogers and two daughters Rose and Dorothy, Harvey Studebaker, Al Vincent and Mr. and Mrs. Tammany Vincent.

Mrs. Will Jones and little daughter Velma Jean drove to Long Beach Monday and were accompanied by Mrs. Jones' mother, Mrs. A. F. Swift, sister Miss Mildred Swift, sister Mrs. Robt. Woodrow and her children Gladys, Muriel and Donald.

Mr. and Mrs. Ray Wardlow entertained Rev. and Mrs. Woodson, Mabel Lee and Dorothy Woodson at their home for the evening Friday. Ice cream and cake in abundance were served and the evening passed with instrumental and vocal music.

Services were discontinued Sunday evening at the local M. E. Church South, in response to the general request issued by the Huntington Beach Camp Meeting Association that all churches in the surrounding communities close for the day to give all on opportunity to attend the closing services. Rev. Woodson did not receive the request until Friday evening, too late to notify his Bolsa and Greenville congregations so went to both the churches to hold Sunday school and dismissed future services.

J. H. Cox had his barley hay baled last week by the Mexican crew working in this vicinity, 200 bales being the amount of his crop.

Mr. and Mrs. Will Jones and little daughter were Balboa visitors Sunday.

Rev. and Mrs. J. J. Woodson, daughters Misses Mabel Lee and Dorothy and Mr. and Mrs. J. Vincent drove to Huntington Beach Sunday evening and attended the closing service of the tabernacle meetings.

Callie Cox received a letter this week from Ida Thompson in which she mentioned that they were having a fine cotton crop in prospect. The Thompsons were former residents of Talbert, having moved from here to Blythe about two years ago. The temperature ranges steadily from 104 to 110 degrees, Ida states, frequently rising higher, but as long as it does not go over 110 they do not mind it.

S. E. Talbert finished irrigating his hundred acre bean crop located east of the P. E. line Wednesday of this week. He has kept two engines going day and night for the past week and had a Mexican crew doing the irrigating.

Al Vincent returned home Saturday from Murietta Hot Springs where he spent ten days. Vincent was accompanied on the trip by Chas. Diego of Huntington Beach and Mrs. Diego and the children joined them a day or two later but on account of the children developing whooping cough the company returned home after a very short stay. Vincent killed a large rattlesnake while on his outing and brought the skin home with him. It has seven rattles.

Will Jones is graveling the road a mile east of Talbert from the car line to the section line north of that point this week. He will next grade the road one and one half miles east of town. This is in bad condition at present.

A Mexican crew are hand cleaning the drainage canal running north and south one mile east of Talbert.

Realty Worth Pennies Today Will Be Valued At Dollars In Future

"Santa Ana" property prices today are pennies where they will be dollars in the future, and the near future at that," declared A. J. Visel, better known and more familiarly known among his friends as "Daddy" Visel, and his remarks are occasioned by observation made during a seven weeks' visit in New York, from which place he returned Tuesday.

The former mayor of Santa Ana has been attending to business in New York. His son, Jack, is now located there and during Mr. Visel's visit the son bought a home there, being forced to do so because he could not find a suitable place for rent.

Visel's visit was saddened while he was there by the death of his only brother, Wm. Visel.

"I found business conditions in New

York and the East humming. With the situation more or less puzzling, because of the seriousness of strikes and the attitude of all branches of labor. Wages are high. They only seem so, however, for the cost of living is high, and the high wage is necessary to the maintenance of the living schedule to which the workmen are entitled.

"The great scarcity of houses has caused rents to advance an average of forty percent. Clothing, shoes, laundry, are all in proportion, making the buying value of a dollar fifty cents as compared with ten years ago.

"Foreigners are leaving New York at the rate of 6000 per week, and the papers there are full of 'help wanted' ads. Laborers are scarce and the departure of the foreigners will tend to make laborers hard to find.

"In restaurants, prices on California products are about as follows: Half cantaloupe, 20 cents; half an orange, 15 cents; seven prunes, with cream, 25 cents; meats, eggs and vegetables, in the same proportion.

"Discontent is on every hand, with strikes the order of the day.

"The country around New York never looked better. The truck gardens are perfect, cared for mostly by women. Crops, as seen from the railroad, couldn't look better. The country is safe, but woe to the cities, should the farmers forget or refuse to plant.

"I saw the George Washington with

President Wilson on board coming up the harbor upon the president's return from France. I saw the president as he passed in the parade later in the day. He has a kindly expression and gives one the feeling that he is a good man, in all that the word implies.

"The trip east and return was a pleasant one, though saddened by the death of my brother.

"I am glad to get home. Santa Ana today is the most favored city for all that makes life liveable. We seem to have been tossed like the derelicts of the sea onto a quiet beach, for we are exempt from much of the social and political turmoil that is going on in the large cities.

"Others will seek this haven, and finding out how charming it is to be here, will settle down, for today, as compared to other cities Santa Ana prices on houses or lots are pennies, as compared with what they will be in the future—and the near future at that. Few comprehend the true value of properties here today."

STILL IN THE RACE

And going strong, with E. G. Woods' Beauty Revue of 22 people, and Benny Light's double Jazz Orchestra with two grand pianos; it's something new, don't miss it. Every night and all day Sunday. Bring your own beverages and have a real party. Jewel City Cafe, Seal Beach.

News from Orange County Towns

ORANGE HONORS SERVICE MEN AT BANQUET

Dinner Is Served to Fifty by Woman's Relief Corps Members

ORANGE, July 24.—Orange service men, to the number of fifty, gave a convincing illustration of what becomes of food when they lined up against a big banquet at the Odd Fellows' hall.

The ladies of the Relief Corps provided the setting and the service men the action. It is conservatively estimated that the available reserve of foodstuffs in the county will show a reduction of one ton.

The dinner was in compliment to returned service men and was provided by the Relief Corps. The ladies of that organization seemed to understand how to make a deep impression on a soldier. The Corps stands very high with the service men.

Following dinner, there were a few short talks on the subject of organization of a service men's association. The men gave a vote of appreciation to the ladies of the Corps and then took up the business of organization.

A constitution and by-laws identifying the local chapter with the Service Men's Association of Orange county was adopted and the meeting proceeded to the election of officers. The following were selected:

President, W. O. Hart; vice-president, John Holditch; secretary, Wilbur Woods; treasurer, St. Lenz; executive committee, Henry Meehan, Jerry Lyons, A. S. Ralph, Clyde Slater, Raymond Potter.

Committees on membership and entertainment were named by the executive committee. Thirty-six members signed the roll and it is expected that the number will be doubled at the next meeting, which will come next month.

Complimented Bride-to-Be

The choir of the Christian church gave a most delightful party in the church parlor. Miss Carrie Bowen, who is to be one of the brides of the season, and two returned soldiers, Dana Spicer and Floyd Starkey, were the honored guests. Music and a short talk by Mr. Spicer proved an interesting phase of entertainment. The main feature of enjoyment of the fifty present was an "ice cream feed." The choir presented Miss Bowen with a lovely present in token of their appreciation of her services.

Personals
Mr. and Mrs. N. T. Edwards and daughter left yesterday morning for Washington, Oregon, and many northern points.

Mr. and Mrs. B. Kraemer of San Francisco are guests at the C. F. Sauer's home. Mrs. Kramer and Mrs. Sauer are sisters.

Mrs. W. E. Stark and daughter left yesterday for a visit with Mr. and Mrs. Shields in Oregon, parents of Mrs. Stark.

WALKER FAMILY TAKES SAN FERNANDO TRIP

TALBERT, July 24.—Mr. and Mrs. Arnold Walker, daughters, Elinore and Bernice; Walker's mother, Mrs. Corina Walker, and his sister and brother-in-law, Mr. and Mrs. D. W. Irwin, and son, of Lemon Heights left Saturday morning on a camping trip to the San Fernando valley, returning Monday evening.

Mrs. O. A. Benefield and two children, who were guests of the Arnold Walker family Friday and Friday night accompanied the family as far as Los Angeles.

Mr. and Mrs. Harvey Walker were in charge of the Arnold Walker ranch during their absence, and entertained Mr. and Mrs. Harry Harper of Huntington Beach. Their sister and brother-in-law, Mr. and Mrs. Frank Planchon of Santa Ana, and three children, Earl, Carl and Martha, were their guests on Sunday, and also Walker's uncle, Chas. Walker, of San Bernardino, who was spending a few days at the Planchon home. Chas. Walker is editor of the San Bernardino Sun.

WINTERSBURG AND SMELTZER

WINTERSBURG AND SMELTZER, July 24.—Mrs. J. E. Pettitt and her sister-in-law, Mrs. Albert Roe, of Whittier, spent Monday at the home of her sister, Mrs. S. E. Talbert.
Rev. and Mrs. J. J. Woodson and daughters, Misses Mabel Lee and Dorothy, motored to Pomona Monday and spent the day with friends. Miss Mabel Lee remained for a week's visit with Miss Alley.

GARDEN GROVE BRIEFS

GARDEN GROVE, July 24.—Mr. and Mrs. G. R. Reyburn and guest, Mrs. Ellen M. Kimball, Mrs. Jenny White and daughter, Miss Anne of Santa Ana, also her son, Fred, and wife of San Diego, picnicked at Orange County Park Tuesday.

A. L. Griffin of Santa Monica enjoyed an over-Sunday visit with his family, the members of which are spending two months with Mrs. Griffin's parents, Mr. and Mrs. John Winters.

C. A. Emerson went by rail to Santa Susana Tuesday, returning the following day.

Mr. and Mrs. E. E. Spain enjoyed a family reunion at Bixby Park, Long Beach, Sunday, having with them their daughters, Misses Mildred and Bessie, Mrs. Castleman and family of Fresno, Mrs. Woodruff and family of Long Beach and their sons, Willard of Garden Grove and George Spain and family of Los Angeles. Mr. and Mrs. Spain remained for a week's visit at the home of Mrs. Woodruff.

Mrs. Ellen M. Kimball of Los Angeles is a guest at the Reyburn home. Capt. Burns S. Chaffee writes his parents, Mr. and Mrs. A. J. Chaffee, from New York of his ten days' ocean trip. The ship encountered three severe storms but arrived safely. He expects to visit in Washington, Baltimore, Pittsburgh and Elgin, Illinois, where he has relatives, and hopes to reach Garden Grove about the middle of August.

DETECTIVE WILL TELL OF FINDING COUPONS

LOS ANGELES, July 24.—How he found secreted between sheets of postage stamps coupons from \$28,000 worth of Liberty Bonds, which he says were identical with the coupons missing from Liberty Bonds stolen from the bank at Artesia will be told tomorrow by Frank E. McCabe, a detective from Denver, at the opening of the trial of Lewis B. Harris and Frances Kennedy, who posed as his wife, charged with the robbery of the First National Bank at Artesia.

McCabe, who came here from Denver to testify, will describe how he located the alleged bank robber and his girl companion.

Loss of Appetite

As a general rule there is nothing serious about a loss of appetite, and if you skip a meal or only eat two meals a day for a few days you will soon have a relish for your meals when meal time comes. Bear in mind that at least five hours should always elapse between meals so as to give the food ample time to digest and the stomach a period of rest before a second meal is taken. Then if you eat no more than you crave and take a reasonable amount of outdoor exercise every day you will not need to worry about your appetite. When the loss of appetite is caused by constipation as is often the case, that should be corrected at once. A dose of Chamberlain's Tablets will do it.—Advertisement.

GARDEN GROVE'S CHAMBER ASKS ROAD TAX

Resolutions Also Adopted for Enlargement of Orange County Park

GARDEN GROVE, July 24.—Following the suggestion made recently by the Associated Chambers of Commerce the Garden Grove Chamber of Commerce went on record for a special assessment for road building purposes and for the enlargement of Orange County Park, in resolutions which follow:

"WHEREAS, Paved county roads are of utmost benefit to the people of our county; they induce immigration and the investment of new capital, and,

"WHEREAS, Orange county is in need of many boulevards which should be built at public expense and not drawn from the ordinary road fund.

"THEREFORE, BE IT RESOLVED that we petition the Board of Supervisors to levy a special assessment of 10 cents per hundred dollars taxable valuation, for the specific purpose of building paved roads in Orange county, and,

"BE IT FURTHER RESOLVED that a copy of these resolutions be sent to the Board of Supervisors, to the Secretary of the Associated Chambers of Orange County and to the Garden Grove News and Santa Ana Register.

"WHEREAS, Orange County possesses one of the most beautiful playgrounds in Southern California, consisting of 160 acres of land from a small portion of which Orange county Park has been formed. It is easily possible to greatly increase the park facilities to the great enjoyment of the people of Orange County.

"THEREFORE, BE IT RESOLVED, that we petition the Board of Supervisors to set aside a fund for such improvement to greatly enlarge the park and make the entire acreage, so nearly as may be possible, suitable for camping and picnic purposes.

"Adopted unanimously and entered upon the minutes the day above written.

"GEO. R. REYBURN, Secretary."

SAN DIEGO ARRANGES CHOW FOR FLEET MEN

SAN DIEGO, July 24.—San Diego is arranging for a monster chow for the sailors from the fleet when they come ashore here when the Pacific fleet arrives. The chow will be served in Balboa Park.

Jerome Pendleton, of the War Camp Community Service, will have the party in charge, with the assistance of a ministerial board, carrying Rev. W. E. Crabtree as chairman.

"Whether the fleet sends 15,000 men ashore or 30,000," Pendleton says, "the big feed will be waiting."

"The churches, with everyone in the city co-operating, will carry through the big undertaking, and it is intended that the big fleet boys will leave here with full hearts, full purses and full stomachs, in as far as the stomachs of gods can be filled.

EPWORTH LEAGUE THROWS CAMP AT BEACH

Southern California Veterans Will Occupy Grounds Next Week

HUNTINGTON BEACH, July 24.—The Epworth League convened in camp Monday and a constant stream of young people were pouring into Arhmar all day long, and it was past ten o'clock in the evening before the tent management could get sleeping accommodations arranged for the great throng.

The great dining hall is under the management of Miss Ethel Murphy, Glendale. The music director for the league is Rev. Howard B. Clark, who will lead the music each evening and also arrive for the big musical program Saturday evening.

The address Tuesday evening was delivered by Dr. Tully C. Knowles, on the subject of "Internationalism and Religion." Wednesday evening Bishop Adna Leonard delivered the address. He is spending his vacation of about three weeks at the beach and also enjoying the meetings.

Next Tuesday the Southern California Veterans Association will convene in camp for ten days. They usually furnish a first class entertainment each evening during the whole camp and many come from far and near to enjoy these musicals and rare treats.

Dr. F. E. Seely and wife returned Saturday from a two weeks' vacation with their daughter at Seely's Camp.

Dr. Roy H. Chaplin and wife returned Saturday from their vacation and the doctor is much improved so that he expects to resume work in a couple of weeks.

I. E. Nichols of Los Angeles was in the city Monday on business.

J. M. Russell of Redlands came down Monday to spend a short vacation and make repairs and additions to his property on Fifth street.

Clarence Brown, James Lake and Ashley Davis with the aid of a pass key entered the store of W. R. Whorton on Main street Monday evening helping themselves to bananas and other knickknacks, and were located while eating the same in the P. E. depot. They will be handled by the probation officer.

Miss Madeline Sproul of Los Angeles is spending a week's vacation at the beach and will return home on Friday.

Wednesday the surveyors made the preliminary survey along the beach east of the municipal pier for the location of the pavilion, which is directly in front of the P. E. depot.

SHE LIKED HIM

They were discussing the street car question and Brown was up in arms against both motorman and conductorettes.

"The other day," he said, "just as I had boarded a car the motorman jerked it suddenly forward. To save myself from falling I threw my arms around the conductorette."

"I suppose she was annoyed," said Brown's friend, "and kicked up an awful fuss?"

"Nothing of the kind," was the reply. "She shouted, 'Hold fast please, and started laughing.'"

MELROSE TURNED NORMAL OVER TO U. C.

Has Been Member Board of Trustees for Fourteen Years

ANAHEIM, July 24.—It took an Anaheim man to turn over a million dollar institution—the State Normal School at Los Angeles—to the State University.

The Anaheim man was no less a personage than one of the city's oldest and most respected citizens, Richard Melrose of 307 North Philadelphia street, who has been a member of the Board of Trustees of the Los Angeles Normal school since 1905, 14 years, and its president for the past eight years.

And during all those years Mr. Melrose never missed one of the regular monthly meetings or one of the many special meetings of the board, and there were hundreds of special meetings during the time that the sale of the old school and the building of the new took place some few years ago.

The retiring board of trustees at a recent meeting adopted a set of resolutions commendatory of Melrose for his loyal and untiring services to the board and the institution. That is what was done and the resolutions have been ordered engrossed.

Mr. Melrose, being an attorney, drew up the papers transferring the Normal school to the sub-committee of regents of the University which had been appointed to accept the transfer, and they were acknowledged, sealed and delivered.

WILLITS, BOWER ON BIG PACIFIC FLEET

(Continued from Page Nine)

he has since been promoted. He enlisted on January 11, 1917, and has a year and a half of his enlistment yet to serve. No direct word of his being with the Pacific fleet has been received, but the Pueblo is in the new western fleet, and it is presumed that Willits is still a member of this ship's crew.

Anaheim has at least three men in the great Pacific armada. They are Carl Schaeffner and Bill Schryver on the Cheyenne and John Bandini on the Arkansas.

GERMAN WEALTH IS SMUGGLED TO SAFETY

Millions in Securities Are Taken Away to Escape Paying for War

By CARL D. GROAT
(United Press Staff Correspondent)

BERLIN, July 22.—Switzerland and the Scandinavian countries at present house a vast treasure in German and Austrian securities. Their worth can only be guessed at, but it is estimated that they run into many millions of dollars.

These securities have been smuggled out of Austria and Germany against the time when their owners would have to help pay the German war indemnities. Because of the movement of these valuable papers, the German government made strong complaints in the course of the peace negotiations. It pointed out that a vast sum of money had gone out of the country, which, without the aid of the entente in recovering, probably would not be reached.

The securities were taken out by the men who desired to escape their share of the burdens arising from peace payments. In some cases, airplanes were used to take out great stores of securities. In other cases directly under the armistice, it was possible for the wealthy to pack up their tangible assets and move quietly into Switzerland, or some other neutral country, where the securities were safely stowed away out of the reach of the German government.

Only today there came news from Vienna of a considerable movement of Austrian and Hungarian paper out of the country. One estimate was that recently \$1,000,000,000 worth of notes and other securities had been smuggled out of the country—with quite evident signs that the movement had the same purpose behind it as the earlier German smuggling.

The government is now seeing to it that no great sums of money or paper are allowed to slip through the boundaries unless for legitimate purposes. Germany complains that her ability to meet foreign claims has been materially decreased by the acts of war-swollen profiteers and wealthy citizens who chose to take their wealth away, rather than aid in rebuilding Germany, wherein these profits were made.

Incidentally, Switzerland and the other neutral countries have made vast profits through the war; while the access of wealthy Germans with their fortunes makes money flow rather freely. Switzerland has been for some time the playground of Europe, owing to the closing of other resorts on account of the war. It is now necessary to obtain special permits to enter the country for pleasure or business purposes.

AMBULANCE TOO SMALL, MAN USES MOTOR TRUCK

NEW YORK, July 24.—Frank Wilson, 28 years old, weighing 680 pounds, one of the fattest men in the country, is in the Holy Family Hospital, Brooklyn, in a serious condition from an attack of paralysis. Wilson was employed in the Dreamland circus side show, Coney Island, and was stricken last night.

When an ambulance was summoned it was found to be too small and an automobile truck was pressed into service.

For eight years Wilson traveled with the Barnum & Bailey circus. His mother weighs only 135 pounds. She lives in Chicago and has been notified of her son's condition.

WHISKERED VETERANS URGE ISSUING DEF

LOS ANGELES, July 24.—Believing that some of the most luxuriant beards, some of the most flowing mustaches and some of the very neatest Van Dykes are to be found in the National Soldiers' Home, near Sawtelle, some of the members of the home are going to wait on the directors of the Sawtelle chamber of commerce with the view of having that body promote a contest which will be open to members of the home only.

William Escoter, 79 years of age, and a veteran of the Civil War, believes that the home has record-breaking hirsute crop and is certain that a greater variety of facial adornment can be found there than in any other section.

COLLECTORS ORDERED TO HELP TAXPAYERS

LOS ANGELES, July 24.—Collectors of internal revenue in the United States have received instructions from Daniel C. Roper, commissioner of internal revenue at Washington, to bring the business of the service, especially the income tax and the excess profit closely in touch with the taxpayers.

Men are now going over this district making reports to the collector ascertaining where inaccuracies have occurred in the matter of reporting tax. They have been instructed by the collector to aid the taxpayer in every way possible.

Miscellaneous
ABSTRACT OF JUDGMENT—Charles Benstein, plaintiff, vs. John Scott, defendant. La Habra Township, July 21, 1919, for plaintiff, \$110.

LEGAL NOTICES

NOTICE OF SALE OF REAL ESTATE
In the Superior Court of the State of California, in and for the County of Santa Ana.

The Matter of the Estate of Austin R. W. Sperry, Deceased.

NOTICE IS HEREBY GIVEN, that in pursuance of the order of the Superior Court of the State of California, in and for the County of Santa Ana, duly made and given on the 31st day of May, A. D. 1919, in the matter of the estate of Austin R. W. Sperry, deceased, the undersigned administrator will sell at private sale, to the highest bidder for cash, law money of the United States of America, and subject to confirmation by said Superior Court, on or after the 4th day of August, A. D. 1919, the property, real, personal and estate of said deceased at the time of his death, and all the right, title, interest and estate that the said estate has acquired by operation of law or otherwise, other than or in addition to that of the said Austin R. W. Sperry at the time of his death, and to that certain lot, piece or parcel of land situated in the County of Orange, State of California, and described as follows, to-wit:

An undivided one-half (1/2) interest of, in and to the Southeastly 1/4 of the Northeastly 1/4 of Lot 46 in Block 11 of Irvine's Subdivision, of the Rancho San Joaquin, Lomas de Santiago and Flint and Bixby Allotment in the Rancho Santiago de Santa Ana, Orange County, California, as shown upon map recorded in Book 1, page 88 of Miscellaneous Record Maps, Records of Orange County, California.

Together with the rights belonging to said lands, comprising ten (10) shares of stock in the Santa Ana Valley Irrigation Company, as recorded in Book 5, page 7 of Miscellaneous Records of Los Angeles County, California.

Offers or bids in writing for said real estate in one parcel will be received by said administrator at the office of R. C. Minor, attorney-at-law, rooms 12, 13 and 14 in the Bank of Italy building, Nos. 9-11 North Hunter street, in the City of Stockton, County of San Joaquin, State of California, at any time after the first publication of this notice and before the making of the sale.

Terms and Conditions of Sale: Cash, in lawful money of the United States of America; ten per cent of bid payable at the time of the sale, balance upon completion of such sale by said Superior R. C. MINOR and CARR & KENNEDY, Attorneys for Administrator.

CLAYDE BISHOP, Attorney for Administrator.

NOTICE FOR PUBLICATION OF TIME
In the Superior Court of the County of Orange, State of California.

In the matter of the Estate of Joseph F. Veith, Deceased.

NOTICE IS HEREBY GIVEN, that Friday, the 1st day of August, 1919, at 10 o'clock a. m., of said day, at the court room of this Court, Department No. 2, in the City of Santa Ana, County of Orange, State of California, has been appointed the time and the place for hearing the application of Joseph Veith, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said Joseph F. Veith, be admitted to probate, that Letters of Administration with will annexed, be issued thereon to him, at said time and place, and all persons interested therein may appear and contest the same.

Dated July 23, 1919.

M. E. BARNES, County Clerk.
CLAYDE BISHOP, Attorney for Petitioner.

NOTICE FOR PUBLICATION OF TIME

In the matter of the Estate of J. Coleman Travis, Deceased.

NOTICE IS HEREBY GIVEN, that Friday, the 26th day of July, 1919, at 10 o'clock a. m., of said day, at the court room of this Court, Department No. 2, in the City of Santa Ana, County of Orange, State of California, has been appointed the time and the place for hearing the application of Zoraida B. Travis, praying that a document now on file in this Court, purporting to be the last Will and Testament of the said J. Coleman Travis, be admitted to probate, that Letters Testamentary be issued thereon to Zoraida B. Travis, at which time and place all persons interested therein may appear and contest the same.

Dated July 11, 1919.

J. M. ABBEY, County Clerk.
By E. R. ABBEY, Deputy.

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

Notice is hereby given, that sealed bids will be received by the City Clerk of the City of Santa Ana, up to and including the 31st day of August, 1919, for City printing and advertising, said printing and advertising to be furnished in quantities as per figures attached to this notice.

In the matter of the estate of Simon E. Squires, deceased.

IT IS ORDERED BY THE COURT, that all persons interested in the estate of Simon E. Squires, deceased, do appear before the Superior Court on Friday, the 26th day of July, 1919, at 10 o'clock a. m., of said day, at the court room of said Superior Court, Department No. 2, in the City of Santa Ana, County of Orange, State of California, to show cause why an order should not be granted to the said Simon E. Squires, deceased, to sell the real estate of said deceased as may be necessary.

And that a copy of this order be published in at least two successive weeks in a newspaper printed and published in said County of Orange.

Z. B. WEST,
Judge of the Superior Court.
Dated June 27, 1919.

NOTICE FOR BIDS.

Notice is hereby given, that sealed bids will be received by the City Clerk of the City of Santa Ana, up to and including the 31st day of August, 1919, for City printing and advertising, said printing and advertising to be furnished in quantities as per figures attached to this notice.

1. Water receipts per 100.
2. Order of deposits in books of 100.
3. Stamped envelopes, any color, XXX per 100.
4. Stamped envelopes, any color, XXX per 100.
5. Stamped envelopes, any color, XXX per 100.
6. City Warrants, in books of 100.
7. Dog tax receipts, in books of 100.
8. Letter heads, 12-lb. Ashland or equal, 1,000.
9. Ordinances, Resolutions, Notices and all other City Advertising, rate per line, first insertion—cents per inch; each subsequent insertion—cents per inch.
The words "per inch" designates space in a newspaper, the space and width to be one regulation column, width not less than two and one-half inches, and length one inch in column. All City advertising must be printed in light face nonpareil type set solid, twelve lines to the inch, except that the title preceding the ordinance must be in black face nonpareil type, set solid, twelve lines to the inch, that the words "Ordinance No.", "Resolution No." and "Notice" and the number of the Ordinance or Resolution preceding the title or any ordinance or notice may be printed in black face nonpareil capital type.

The Board reserves the right to reject any or all bids.

Dated July 15th, 1919.
E. L. VEGELY, City Clerk.

NOTICE OF APPLICATION.

NOTICE IS HEREBY GIVEN, by the undersigned, Charles D. Boynton, that on the 23rd day of July, 1919, he filed with the Board of Supervisors of the County of Orange, his application for a permit to operate an auto stage and stage line over, along and upon certain public highways in the County of Orange.

The said application has been and is fixed for hearing and will be heard at the hour of 10 a. m. of Wednesday, the 31st day of August, 1919, at the meeting place of the Board of Supervisors of the County of Orange, at the Court House in the City of Santa Ana, California.

Dated the 23rd day of July, 1919.
CHARLES D. BOYNTON,
Applicant.

The Redlands district olive crop promises to be 25 per cent heavier than last year.

LEGAL NOTICES

NOTICE

NOTICE IS HEREBY GIVEN, that it is the intention of the Board of Supervisors of the County of Orange, State of California, to purchase for County purposes, the following described parcel of real property, situated in the City of Santa Ana, County of Orange, State of California, described as follows, to-wit:

First: All of Lot Four (4), Block "A", Surgeon's Add., to the City of Santa Ana, California.

Second: All of Lot Seven (7), Block Twenty-two (22) Town of Santa Ana.

Third: All of Lot Five (5), in Block "A", Surgeon's Add., to Santa Ana, California.

Fourth: The East Forty-five (45) feet of Lot Ten (10), Block Twenty-two (22), Town of Santa Ana, California.

Fifth: The East Forty-five (45) feet of Lot Ten (10), Block Twenty-two (22), Town of Santa Ana.

The first parcel of real estate herein described, to be purchased from Agnes K. Anderson and W. W. Anderson, for and at the price of Three Thousand Seven Hundred and Fifty (\$3750.00) Dollars.

The second parcel of real estate herein described, to be purchased from Mrs. Mary Ellen Copeland, for and at the price of Four Thousand (\$4000.00) Dollars.

The third parcel of real estate herein described, to be purchased from Emma C. True and Jas. S. True, for and at the price of Seven Thousand Seven Hundred and Fifty (\$7750.00) Dollars.

The fourth parcel of real estate herein described, to be purchased from Kate Sullivan, Amelia Randall and Mrs. G. M. True, for and at the price of Two Thousand Four Hundred and Fifty (\$2450.00) Dollars.

The fifth parcel of real estate herein described, to be purchased from J. W. McCormack and Laura K. McCormack for and at the price of One Thousand (\$1000.00) Dollars.

The time when the said Board of Supervisors will meet to consummate said purchase is Tuesday, August 5th, 1919, at 10 o'clock a. m., of said day, in the County of Orange, State of California, and the Board of Supervisors' room in the Court House at the City of Santa Ana, Orange County, California, where said purchase will be consummated.

By order of the Board of Supervisors made and entered on the 24 day of July, 1919.

(SEAL)
J. M. BACKS,
County Clerk and ex-officio Clerk of the Board of Supervisors of the County of Orange, State of California.

OFFICIAL PROCEEDINGS OF THE BOARD OF SUPERVISORS.
Santa Ana, Calif., July 21, 1919.

The Board of Supervisors, at a special session pursuant to an order signed by each and all the members of the Board of Supervisors.

Present: J. M. Backs, Chairman; S. H. Finley, Wm. Schumacher, N. T. Edwards, H. A. Wassum, and E. L. Vegely.

For the purpose of \$2000.00 was made for the use of the Farm Bureau of the County of Orange for extension work in agriculture.

Demand on the County of Orange were allowed as read.

Supervisor N. T. Edwards was authorized to sign a second hand engine.

The County Surveyor and County Purchasing Agent were authorized to take the necessary steps to place rock for the Santa Ana canyon road in view of the failure of contractor to deliver same, so as not to delay the construction contract in performance.

Fumigating licenses were ordered issued to La Habra Citrus Association and Chas. E. Bowman.

The County Clerk was authorized to make application to the Navy Department for a memorial tablet made from the material removed from the battleship Maine.

On motion, duly seconded and carried, Board adjourned to August 5, 1919, at 10 a. m.

J. M. BACKS,
Clerk of the Board of Supervisors.

SECRETARIES TO SEE NEWPORT SATURDAY

Boosters of Southern California Will Get 'Close Up' of County Harbor

While "shimmying" is taboo at Newport Beach, the "shimmering" waters of the bay are indulged, promoted and exploited to the full, and Saturday next the men whose sole occupation is the boosting of Southern California will pass the day there and leaving in the evening will have an "earful" of the possibilities of Orange county's harbor.

The Commercial Secretaries Association of Southern California, composed of secretaries of Chambers of Commerce and improvement organizations, will held their regular monthly meeting, with the Newport Chamber of Commerce as the host. Many of them will be accompanied by their wives. Fifty to sixty men usually attend these meetings.

It is not always that the women have the pleasure of accompanying their husbands on their pilgrimages but Newport is strictly a "ladies' place," and the fairer sex who hold strings on the secretaries have expressed a desire to accompany them. With the wife, a desire is frequently equal to command, and hubby has naught to do but comply.

Secretary Wilson of the Newport Chamber has the arrangements in charge, and the secretaries, when they have completed the day will have discovered that it was "some day."

Tentative plans of entertainment provide for a boat ride on the bay and the ocean on the good ship "Limit." A novelty for the secretaries may be introduced in the way of a luncheon and business session on the Limit while the sidewheeler rides the ocean. The business session will be more or less brief, taking care of whatever important measures that might develop, with the rest of the day devoted to pleasure.

No opportunity will be lost to fully acquaint the visitors with Orange county's harbor. The deeper recesses of the bay will be shown, together with the outlines of the plans of the harbor improvement. The harbor, as it will appear after the county bond issue of \$500,000 has been expended, will be anticipated by some of the boosters of Newport, and when the secretaries have adjourned they will have in their minds a comprehensive idea of what is to be done there, and will be in position to discuss the improvement intelligently when they are called upon for information by parties applying at their respective offices.

Saturday also is one of the scheduled days for big doings under the auspices of the Balboa Carnival association, and the secretaries and their wives will have the pleasure of observing these events. The day will see the first of the annual swimming races, both on the bay and in the ocean, to be held in co-operation with the Los Angeles Athletic Club and the Y. M. C. A. Good professional and amateur prizes are offered, among them the "Balboa Cup," to be raced for annually until won three times. It is hoped to make this the annual classic of California. Many noted swimmers are expected to participate. There will be motor and sail boat races.

The race events will start at 3 o'clock in the afternoon.

FREE US, IS DEMAND MADE BY PRISONERS

FORT LEAVENWORTH, Kan., July 24.—"Free us," continued to be the demand today of striking ex-soldiers, I. W. W. and conscientious objectors in the insurrection at the disciplinary barracks here.

A "soviet" demanded a general amnesty before the men returned to work. The committee representing the mutinous prisoners also demanded that their request for freedom be placed before President Wilson.

So far no violence has been reported. The situation is still tense. Hundreds of troops, guns loaded and bayonets fixed, surround the prison awaiting eventualities.

Commandant Rice has wired the adjutant general of the army at Washington details of the prisoners' demands, but has not referred them to President Wilson.

Since release of 113 conscientious objectors on full pay and with honorable discharges, some months ago, morale of prison inmates has slumped, officials said. This resulted in several "strikes" and organization of a general prisoners' conference. Prisoners call the organization a soviet.

EXTORTION SUSPECT HELD AT LONG BEACH

LONG BEACH, July 24.—Said to have posed as manager of the West Coast Detective Agency, as a secret service operator and as a representative of a well known Los Angeles detective agency, Harold Middleton of Los Angeles, recently an officer in the army, is held in the Long Beach city jail, suspected of attempted extortion.

Middleton states he is 25 years old and is said to have approached a local business man and informed him he had unearthed a plot that involved the abduction of his 20-year-old daughter by Mexican white slave interests.

Middleton is said to have promised protection to the girl through his detective agency for the payment of \$125 a week.

STOP THE

SWELTERING

COME ON DOWN TO NEWPORT-BALBOA

This is your beach, your pleasure resort, your cooling off place. Thirty minutes will bring you here from almost any part of the county. Get away from the sweltering heat of the city and farm. Pack the family into the car and come on down to Newport-Balboa. We'll fill you up with refreshing salt breezes and happy thoughts. Spend a month here if you can, or, at least two weeks, at any rate come down for the Week-end.

Here's the Cool Program for Saturday Under Auspices Balboa Carnival Association

Swimming Races

As usual there will be a pleasure program at Balboa for your enjoyment. The first swimming races of the season will be the feature event. They will be staged in the ocean as well as the bay and in co-operation with the Los Angeles Athletic Club and the Y. M. C. A. Professional and Amateur prizes are offered, among them the Balboa Cup.

This event will unquestionably turn into a California Classic. Many noted swimmers will participate.

Motor and Sail Boat Races

You know what there is in store for you when we announce a motor and sail boat race. Since the opening of the jetty we have been favored by the entrance into Newport Bay of many new craft. The boats have made their future and permanent home here. Saturday, they, together with the old-timers, will get out and show their prowess.

The first event will start at three o'clock, which, we trust, will give you ample time to finish your Saturday chores and hie yourself to Newport-Balboa.
